

Millions Will Fight Millions In Franks Case

States Attorneys Announce Demand Is Made for Trial on July 15

CORPS OF EXPERTS HIRED

Constant Watch Is Kept Over Witnesses Who Have Testified

By Associated Press
Chicago—Prosecution and defense were preparing Thursday for the "battle of millions" expected to follow grand jury indictments Friday against Nathan Leopold Jr. and Richard Loeb, millionaire's sons, admitted kidnapers and slayers of Robert Franks, schoolboy son of Jacob Franks, millionaire real estate man.

Creation of a \$1,000,000 initial defense fund with which to retain the foremost legal experts in America was reported as states attorneys announced demand would be that trial be set for July 15, the earliest date consistent with Illinois procedure.

Two indictments against each youth, charging kidnapping for ransom, and murder, both capital offenses, have been prepared and await the report of the grand jury, expected to complete its examination of witnesses Thursday. Arraignment is scheduled for Monday. The grand jury will continue to examine witnesses after reporting the case, States Attorney Robert E. Crowe said, in order to get the testimony on record on oath and thereby prevent a changing of statements.

ALIENISTS RETAINED

Claude Darrow, chief counsel for the defense, was said to be considering retention of a corps of experts including authorities on evidence of insanity, legal tactics, physiognomy and alienists. Prominent New York and Chicago attorneys were said to be considered. Pitted against them, States Attorney Crowe in personal charge of the case said he would have three assistants, identified with the case, since the finding of the boy's body on May 21.

Prosecutors plan to counter requests for delays with demands for immediate trial. Meanwhile all witnesses who have testified before the grand jury will be closely watched. Michael Hughes, detective chief said. The million dollar defense fund established by the families of the youths, was said to be merely preliminary. "Millions will fight millions," Samuel Ettelson, former corporation counsel, friend of Jacob Franks, said.

BOB'S NOMINATION HANGS ON CONCLAVE

By Associated Press
Madison—Whether the Wisconsin delegation to the Republican national convention will place Senator Robert M. La Follette's name in nomination at the convention next week will be determined at the pre-convention of the group next Monday, state officials who are members of the delegations declared Thursday.

The decision of the delegation will depend largely upon early development at the convention and Senator La Follette's wishes. It was said.

RUMORED DISORDERS IN RUMANIA ARE DENIED

By Associated Press
Bucharest—Denial of sensational rumors regarding the internal situation in Rumania is made in a semi-official statement which attributed the stories to persons seeking to affect the stock market.

The statement says perfect order prevails throughout Rumania.

Farmers Market Products Successfully THEY USE WANT ADS

Here is the testimony of one farmer who has met with success.

He states—

"I inserted a small ad for a Grade Guernsey heifer for sale and sold it a short time after the newspaper came out. One insertion was all I needed in this case."

AND AGAIN

"Have been running an ad under 'Plants and Seeds classification' and have had very good results.

Fall in step. Use advertising the modern science of selling.

EXPECT 1,000 DELEGATES AT U. C. T. MEETING

State Convention of Commercial Travelers Opens Here Today

With about 250 delegates in attendance, the United Commercial Travelers of Wisconsin opened their annual state meeting in Odd Fellow hall Thursday morning. Dozens of delegates arrived in Appleton Wednesday evening and every train brought more Thursday morning. Hotels are filled and private homes are being sought to take care of the horde of visitors expected here Friday. Not less than 1,000 travelers and their wives will come to the city for Friday's sessions.

Registration started early Thursday and will continue as long as delegates and visitors arrive. Registration headquarters have been established at the Conway hotel. Reception committees are meeting, trains and assisting visitors to register and directing them to their headquarters and to meeting places.

START AT 11:30

Most of Thursday morning was devoted to preparing for the more serious work of the convention which started at 11:30 when the grand council held its first session in Odd Fellow hall. This meeting was for delegates and state officers and was for the purpose of preparing for future convention sessions.

The grand council session was preceded by a reception for grand officers, delegates and visitors at Odd Fellow hall.

This was followed by a program of short talks and solos by Carl S. McKee and selections by the Ladies Auxiliary of the United Commercial Travelers. M. E. Elias, past senior council president and made a few opening remarks. Dr. H. E. Peabody followed with a prayer.

Mayor John Goodland was the first speaker and welcomed the visitors to the city. Traveling all over the country, he said, salesmen can read men's minds better than any other class of people and he was satisfied they would interpret the minds of Appleton citizens correctly and have a good time.

GOOD ADVERTISEMENTS

He said, however, that the best advertisements are those that take them out over the state and country. In order that they might have pleasant recollections of the city Appleton planned to extend them a cordial greeting.

George H. Packard, chairman of the convention, expressed satisfaction at seeing so many present and assured the visitors that Appleton homes and hearts are open to them. As chairman of the general committee Mr. Packard said he had very little to do because of the excellent work of the men under him. His duties were confined almost exclusively to lending a guiding hand, he said.

Hugh G. Corbett, managing secretary of the Chamber of Commerce, put the visitors in the humor by telling a series of stories. Getting down to the more serious part of his talk he said the salesmanship of the country is wonderful, and that our country is on a salesmanship basis.

He called attention to the Louisiana purchase for \$15,000,000 which involved enough territory to form several states, and to purchase of Alaska for \$7,000,000. This was a bad bargain until someone discovered gold and since then it has been paying for itself every four months. He called attention also to the purchase of Philippine islands and that of Panama canal site.

Other speakers were Fred L. Wright of Milwaukee, supreme conductor, who gave a historical sketch of the supreme council, J. T. Nolan of Superior and Mrs. C. G. Rumpf of Appleton.

Committee appointments took up most of the morning session of the grand council. C. G. Rumpf, Appleton, was appointed to assist in organizing a state ladies' auxiliary.

Other committee appointments were: Credentials—E. A. Forss, LaCrosse; J. A. Miedelkauf, Eau Claire; E. F. Homing, Janesville; C. F. Hartman, Superior; M. F. Kresky, Marinette; P. C. Goodrich, Fond du Lac.

Charters and dispensation—J. B. Porter, Racine; J. W. Welch, William Bruchert, Manitowish.

Necrology—E. A. Benderob, Oshkosh; E. F. Emmerring, Watertown; E. P. Kennedy, Milwaukee.

Resolutions—R. E. Tyson, Madison; Harold Smith, Racine; Howard O. LaFollette, Appleton.

Publicity—John Blawusch, Madison.

State of the order—W. P. Smith, Green Bay; Sam Schneider, Wausau; E. Heideman, Appleton.

The ladies' auxiliary and the grand council went into separate sessions.

Backus Quits Bench To Run News Organs

By Associated Press
Milwaukee—Judge August C. Backus announced Thursday that he has forwarded his resignation as municipal judge to Governor J. J. Blaine, and will devote his entire time to the Milwaukee Sentinel and the Sunday Sentinel and Milwaukee Telegram.

In making the announcement Judge Backus said: "I have notified Governor John J. Blaine that I will resign, having acquired control of the Milwaukee Sentinel and the Sunday Sentinel and Milwaukee Telegram and will devote my entire time as publisher. The Sentinel will be an independent newspaper, constructive and conservative in its policies. I have taken over the paper and the following will be associated with me as board of directors: Charles F. Fisher, Otto H. Falk, Russell Jackson and Louis Quarles."

DAYS CONVEY TO PICK CANDIDATE AND OUTLINE PLAN

National Prohibition Party Meets in Columbus Thursday

By Associated Press
Columbus, O.—For the third time in 50 years the National Prohibition party opened its national convention here Thursday intent on nominating a candidate for president and adopting a platform that will come nearer reaching the goal of its purpose than it has experienced in the past.

In the absence of national chairman Virgil C. Hinshaw, the convention was called to order by Vice Chairman J. A. Murray of Nebraska, and delegates prepared to hear the keynote address by temporary chairman H. P. Ferris of Missouri.

A bare dozen of spectators filtered into the hall just before J. A. Murray, Nebraska, vice chairman of the national committee, rapped for order using a pocket knife as a gavel. Approximately one hundred delegates were in the body of the convention.

After the opening prayer, the official call was read; credentials were handed in and H. P. Ferris, Clinton, Mo., was installed as temporary chairman. William F. Varney, Rockville Centre, N. Y., was made temporary secretary. Mr. Ferris then started his keynote address.

FRENCH RADICAL MAY REFUSE POST

Experts Predict Herriot Will Refuse Unless Millerand Resigns

By Associated Press
Paris—President Millerand is expected to summon Edouard Herriot, leader of the Radical party and outstanding figure in the new majority of the left Thursday for the purpose of offering him the premiership vacated by M. Poincare.

Mr. Herriot's attitude is in some doubt in view of the strong sentiment in the ranks of the left against M. Millerand's continuance in the presidency. Most of the political experts predicted he would decline the premiership unless M. Millerand in turn gave him a message to parliament announcing his resignation as president.

EKERN JOINS RACE FOR RENOMINATION

Madison—Petitions for the nomination of major state officials are being circulated over the state, officials announced Thursday. The petitions include those of Governor Blaine, Attorney General Herman L. Ekern, Secretary of State Fred R. Zimmerman and State Treasurer Solomon Lovitt.

This is the first official announcement by Attorney General Ekern that he will seek reelection. For some time he has been urged by a number of prominent politicians to enter the race for governor. Circulation of his petitions for attorney general, however, is taken as definite decision on the part of Mr. Ekern to run for the legal position again.

Petitions also have come out for the nomination of Henry Huber as candidate for lieutenant governor.

FIVE JAP NAVY FLIERS KILLED IN PLANE CRASH

By Associated Press
Tokyo—Two Japanese naval officers and three non-commissioned officers were killed and a fourth non-commissioned officer received injuries which are expected to prove mortal in a Yokosuka naval base on Tokyo bay Thursday.

The six men were aloft in a hydro-airplane when its fuel tank exploded. The craft fell about 600 feet, landing in the rocky hills above the naval base. The plane was of the P-5 type.

CONGRESS HAS HARD PROGRAM BEFORE CLOSE

Much Remains to Be Finished Before Adjournment Saturday

By Associated Press
Washington, D. C.—With farm relief legislation along the lines of the defeated McNary-Haugen bill definitively abandoned by Republican leaders in the house, and the Muscle Shoals question put over until Dec. 5, in the senate, the congestion in congress Thursday had been considerably relieved. Much remained to be done before adjournment Saturday night, however, with reclamation and naval modernization measures the principal items remaining on the program.

An omnibus pension bill, similar to the one passed last Wednesday carrying about 200 proposals affecting veterans of wars and dependents, had right of way in the senate Thursday, with the \$150,000,000 bill designed to bring the navy up to the 5-5-3 ratio agreed upon by the Washington arms conference in second place. The latter, as passed by the house last week, called for construction of eight scout cruisers and six river gunboats, and conversion of six battleships into oil burners with installation, in addition, of devices for protection against submarines and aircraft.

Despite the decision of Republican leaders to abandon efforts to put through a farm export measure, agricultural relief was before the house in the form of the Ford resolution instructing the interstate commerce commission to make a freight rate survey looking to a general reduction in transportation charges on farm products. Several conference reports on various bills also were before the chamber, along with the Crampton measure to establish a separate prohibition bureau in the treasury department and proponents of the reclamation bill were prepared to move for its passage under a suspension of the rules limiting debate, preventing amendments and requiring a two thirds majority.

CHIEF REJOINS GLOBE CIRCLERS

Commander Makes Better Time Than Preceding Fliers Across Sea

By Associated Press
Shanghai—America's aerial expedition around the world was reunited Thursday. Lieutenant Lowell H. Smith, commander, whose plane the Chicago, was delayed at Kagehima, Japan, Wednesday by engine trouble, Thursday not only negotiated the 500 mile hop across the China sea, but did so in an hour and a quarter less time than was required by the other planes of the "fleet" which had preceded him.

The time made by Smith who, with his mechanic, Lieutenant Leslie P. Arnold, spent strenuous hours conquering his refractory engine in preparation for the jump was six hours, twenty minutes.

All three planes are expected to take off for Amoy, next stop on the flight, on Saturday morning.

REPUBLICANS NAME PARTY CHAPLAINS

By Associated Press
Cleveland, O.—Chaplains to officiate at the Republican national convention here next week were named Thursday as follows:

First day, Bishop William K. Anderson of Cincinnati, Methodist-Episcopal second day, Rabbi Stephen Wise, New York City; third day, Bishop Joseph Schrembs, Cleveland, Catholic diocese.

It there is a second session on Thursday or a Friday session a representative of the Christian Science church will be selected.

WOMAN RESIGNS POST ON G. O. P. COMMITTEE

By Associated Press
Cleveland, O.—Announcement of the retirement of Mrs. Harriet Taylor Upton of Warren, O., as vice chairman of the executive committee of the Republican national committee was made here Thursday by William M. Butler, manager of President Coolidge's re-election campaign.

Mrs. A. T. Hart of Louisville, widow of the late national committeeman from Kentucky, will be recommended. She will have charge of the work among the women in the campaign.

COOLIDGE APPROVES LAND GRANT INQUIRY

By Associated Press
Washington, D. C.—The resolution providing for a congressional investigation of the Northern Pacific land controversy was signed Thursday by President Coolidge and a joint committee of the senate and house will be organized to conduct the inquiry during the coming summer.

Flagrant Disregard Of Law Charged In Oil Committee Report

ROCKFORD TRIO KILLED WHEN TRAIN HITS AUTO

By Associated Press
Madison—Three Rockford Illinois residents were killed about 8:50 Thursday morning at the Milwaukee road crossing at Edwards Park when train No. 33, Janesville to Marquette, Ia., struck their sedan, demolishing it and bringing instant death to its three occupants. The dead are John Stoneberg, 40; Mrs. John Stoneberg, his wife, 35; Norman Blumquist 45, a brother of the woman.

ARIZONA GOVERNOR WILL MEET OBREGON SATURDAY

By Associated Press
Mexico City—President Obregon will meet Governor Hunt of Arizona at Nogales on Saturday, according to a telegram received Wednesday night by El Universal. It is probable that the governors of the American and Mexican border states will hold a conference in Nogales at the same time, the despatches adds.

Executive Order of Harding Declared to Have Been Illegal

DENBY IS EXONERATED

Evidence Failed to Establish Existence of Conspiracy in 1920

By Associated Press
Washington, D. C.—Flagrant disregard of the law in negotiation of the Sinclair and Doheny oil leases was charged in a report to the senate Thursday prepared for the oil committee by its prosecutor, Senator Walsh of Montana.

The executive order by which President Harding transferred the oil reserves from the navy to the interior department was held in the report to have been illegal. The manner in which the leases were negotiated secretly by former Secretary Fall was described as in disregard of the statutes.

The leases themselves were declared "indefensibly wasteful" and based on a policy which congress alone had authority to determine.

Fall's acceptance of \$100,000 from E. L. Doheny was characterized as "in the least degree reprehensible," although no opinion was expressed as to whether the payment was in fact a loan.

Shipment by Harry F. Sinclair of a consignment of blooded cattle to Fall's New Mexico ranch and Sinclair's subsequent employment of Fall after he left the cabinet were cited without comment. Likewise without comment, the report related how Sinclair expended \$1,500,000 to clear Teapot Dome of conflicting claims, some of which at least were "shadings," which at least were "shadings."

It was declared that "despite diligent inquiry," the committee found "no facts of sufficient importance to report" in support of the rumor that public officers had speculated in the stocks of the Sinclair and Doheny companies.

Similarly, the report said, "the evidence failed to establish the existence" of any conspiracy between oil operators and other at the Republican national convention in 1920 for exploitation of public resources.

Only a passing reference was made to the conflicting statements by which it had been sought to connect Edward B. McLean with a \$100,000 payment to Fall and no opinion on that subject was expressed.

The only recommendation contained in the report, aside from a reference to court proceedings now in progress, was contained in the following summary:

QUESTIONS ARE DEFINED

"Had the legislation enacted by congress been observed in its spirit in dealing with the reserves, had it not been wrested out of all reason to afford some appearance of justification for the course pursued, further action by the law making branch might not be necessary. In view of what has transpired it should be made plain:

"1.—That no lease or other contract authorizing or providing for the extraction of oil or gas from the reserve should be entered into except upon competitive bids, for which proposals should be duly advertised.

"2.—That no such lease or contract should be entered into for any purpose except to protect the reserve from drainage, and for such limited areas as should be drilled to that end, unless in the case of any emergency to be proclaimed by the president of the United States.

"3.—That every such lease or contract should be submitted to and approved by the comptroller general before taking effect.

RESTRAIN TRADE AUTHORITY

"4.—That the authority conferred by the act of June 4, 1920, to exchange, is restricted to the exchange of crude oil or gas for fuel oil or other products or derivatives of oil or gas.

"5.—That the danger of drainage of oil from the reserves which had been emphasized by Fall as one of the principal reasons which actuated him in making the leases, the report declared the crucial inquiry so far as Teapot Dome is concerned was "whether it is better for the government to have 21,000,000 barrels of oil in the ground or 1,555,654 barrels in tanks at the seaboard." This question, it was asserted, should have been left for congress to decide.

The Elk Hill lease to Doheny was described "unexceptional" but the subsequent contracts with Doheny under which government royalty oil was exchanged for tankage were attacked.

Reviewing the testimony regarding the \$100,000 payment to Fall by Doheny, the report declared that the essentially corrupt character of a loan made under such circumstances required no comment.

"It would be impossible for an officer to accept a loan of such an amount or perhaps of any amount un-

Rockwell Confident Of M'Adoo Majority

Campaign Manager Full of Optimism Following Victory in Florida State Convention

By DAVID LAWRENCE
Copyright 1924 By The Post Pub. Co.
Washington, D. C.—Having won the primaries in Florida, Judge David Ladd Rockwell Wednesday claimed that William Gibbs McAdoo would have a total of 632 within the first six ballots in the Democratic national convention which is just 100 less than the necessary two thirds.

Mr. Rockwell insists that the minimum members pledged to McAdoo at the convention by the states and instructed by their personal preferences of state legislatures is 552 and that he is morally certain of the remaining number to make up two thirds.

The McAdoo manager was full of optimism, following the victory in Florida, where he said final results would show a two-to-one triumph. He regards Senator Underwood as having been virtually eliminated from the presidential contest and corded that Governor Al Smith is the most formidable opponent McAdoo will have at the New York convention.

"What do you think?" he was asked, "of the announcement that Senator La Follette intends to run irrespective of whether McAdoo is nominated by the Democrats?"

"That he has no cause," he answered, "because it shows the necessity of nominating a Progressive at New York. For if the Democrats should nominate a conservative to run alongside of the Republican conservative nominated at Cleveland, the progressives would have a good chance to win."

Judge Rockwell, of course, considers McAdoo a true progressive and as the antagonist of President Coolidge. Should McAdoo be nominated, Judge Rockwell argues that again McAdoo would be the beneficiary of a La Follette campaign. His idea is that the Wisconsin senator would take away all the Republican progressive and radical votes while the Democrats would lose virtually no strength.

As for the two thirds rule, Judge Rockwell said he was confident McAdoo could be nominated with or without it but that if the committee on rules should recommend that a majority vote is sufficient to nominate, then McAdoo would have such a majority on the very first ballot.

DENY SPONSORSHIP

The McAdoo forces claim they are not sponsors of the proposal to abolish the two thirds rule, claiming it originated with the anti-McAdoo men like George Brennan of Illinois. It is a safe assumption that the matter will not come to a climax at this convention and that if it is ever abolished it will be under circumstances which do not agitate the fortunes of a particular candidate.

The next state in which the McAdoo management is interested is Utah, which Thursday holds its state convention. There is a likelihood of a direct instruction for McAdoo. This about winds up the state contests but the battle of personal persuasion with undivided and unpledged delegates has already begun and will continue with intense activity in the next two weeks.

Kirby House Is Doomed To Be Removed

Campaign Manager Full of Optimism Following Victory in Florida State Convention

Milwaukee—The Kirby house, old landmark of Milwaukee, will be razed to make way for a modern business structure, it was reported here Thursday. During the war the property with others belonging to the Heyl interests of Germany, was seized by the alien property custodian. It was sold to a Massachusetts corporation several months ago.

The hotel was named for Abner Kirby, an eccentric landlord, in 1847. Instead of numbering the rooms, Kirby named them after the states and when he ran out of names he selected others at random. He had inscribed on all hotel linen the words "Wake Me Up When Kirby Dies."

Among guests of the hotel in the heyday of its popularity were General U. S. Grant, General Greeley, General Phil Sheridan, General William Tecumseh Sherman, General William Colonel Robert G. Ingersoll and others equally as famous.

CIVIL WAR RAGES IN ALBANIA, REPORT

Scutari Rebels March on Capital and Demand New Government

Belgrade—Dispatches received here indicate a state of civil war in Albania and the movement is said to be spreading.

The Scutari rebels who are marching on Tirana, the capital, have sent an ultimatum to the government demanding its immediate resignation.

Foreign Minister Ninichitch of Yugoslavia declares that while this country has formerly upheld the principle of Albanian independence it could not remain indifferent in the event of external intervention.

KENOSHA GETS 1925 O. O. F. CONVENTION

La Crosse—Kenosha was selected as the next convention city of the Wisconsin Grand Lodge of Odd Fellows in session here.

Officers were elected as follows: D. L. Jones, Sparta, grand master; O. Stegeman, Waterville, deputy grand master; W. F. Day, Beloit, grand warden; Richard Hoe, Milwaukee, grand secretary; William S. Thwait, Milwaukee, grand treasurer; Paul W. Mahoney, La Crosse, grand representative, two years; H. Haune, Oshkosh, grand representative, one year; James A. Fathers, Janesville, trustee.

TELEPHONE ASSOCIATION ELECTS NEW DIRECTORS

Madison—Election of directors of the Wisconsin State Telephone association took place at the annual convention here Thursday. The directors will elect officers of the association and select the next convention city.

Directors follow: H. A. Price, Marquette; W. L. Smith, Neillsville; Arthur Taylor, Rhineland; W. F. Goodrich, LaCrosse; W. J. Gullon, Antigo; F. H. Runkel, Portage, and J. A. Pratt, Madison.

SOCIAL WORKERS REELECT CHIEF

Green Bay—Mrs. Isaac P. Witter of Wisconsin Rapids was unanimously reelected president of the Wisconsin Conference of Social Workers at the business session Thursday of the three day convention being held here.

The Rev. M. F. McDevoy of Milwaukee was reelected vice president, Mrs. L. M. Roeding of Milwaukee, reelected secretary, and Mrs. William Kille of Madison elected treasurer to succeed Mrs. A. H. Wilkinson of Milwaukee.

Among the directors elected were the following: Dr. W. F. Lorenz, Madison; Dr. Elizabeth Wood, Madison; Dean Louis Reber, Madison; J. F. Ryan, Janesville; Dr. H. E. Doushield, Milwaukee; Charles Friend, Milwaukee; Mrs. A. L. Wilkinson, Milwaukee, and Mrs. George Buckstaff, Oshkosh.

STUDENT LOSES LEG AFTER AUTO CRASH

By Associated Press
Madison—Charles Gallagher, 19, student at the University of Wisconsin, from Superior, was severely wounded Wednesday night when an automobile which he was driving in other students' crashed into a tree near MacFarland. One of Gallagher's legs was crushed so that amputation was necessary at the university clinic. Miss Martha Cowan, Kansas City, Mo., one of the other students, received severe scalp wounds.

John M. Murphy, Superior, was in the company.

YOUTH HELD IN SHOOTING OF PASTOR AND OFFICER

By Associated Press
Drazen, Mass.—The Rev. Michael G. Gifford, pastor of St. Mary's church in the Collinsville district, was shot to death at the home of John King, Sr., Thursday. Captain David Petrie of the Lowell police was seriously wounded while pursuing John King, Jr., who was arrested and charged with the slaying.

HEAD IRISH LINE BODY

London—Prime Minister MacDonald announced in the house of commons Thursday afternoon that Justice Freeman of the Union of South Africa would be chairman of the Irish boundary commission.

COUNCIL ORDERS PURCHASE OF LOT TO FINISH ALLEY

Aldermen Ask for Bids on
Third Ward Engine House
—Buy New Truck

By a vote of the common council Wednesday evening, a former order for \$6,500 drawn by the city clerk upon the treasurer for proposed purchase of 33 front feet of land on Morrison-st in block 28 from Lawrence Lutz, was placed back into the general fund, and the issuance of a new order was authorized.

The lot was ordered purchased last spring for the purpose of opening an alley in the block. The city had no option on the property, and there was nothing binding in the resolution to purchase the lot. Since the present owner is desirous of retaining at least 17 feet of the property, the order for \$6,500 has remained in the custody of the treasurer until this time.

BUY 16 FEET

Only 16 feet of this lot will be purchased by the city for alley purposes, and the price agreed upon by the council was not to exceed \$4,000. Mr. Lutz was permitted, however, to occupy the building on the alley property until Mar. 1, 1925. Some objection to the project was raised by Alderman H. R. Beske, since he believed that the purchase of the 16 feet would create a slight gap in the alley which will be 18 feet wide at the west end. He withdrew his objection when it became known the alley line would be straight at least on the north side.

Alderman George T. Richard introduced a resolution for proceeding to the paving of the alley in block 5 bounded by College-ave, Lawrence, Appleton and Superior-sts, and the board of public works was instructed to investigate the matter and report with plans and specifications at the next meeting of the council on June 18.

John Bauer, plumbing inspector, was given permission to attend a state convention of plumbing inspectors at Sheboygan.

Frank Barz, who submitted the only bid for making the sewer connections on Lemnaw-st in preparation for the paving of that street was awarded the contract.

EXTEND FIRE LIMITS

An amendment to the building inspection ordinance introduced by Alderman Richard and providing for the extension of the fire limits in an area of the Third ward was referred to the ordinance committee.

Mayor Goodland declared that he had received many complaints from property owners in the vicinity of the planing and saw mill of Martin Boldt & Sons at State-st and Eighth-st in regard to violation of the zoning ordinance by the Boldts. Alderman H. R. Beske, chairman of the judiciary committee, said that the matter had been referred to his committee, and that the committee is working on the matter, but is not yet ready to make a report.

Mayor Goodland, Engineer R. M. Connolly, Clerk E. L. Williams and as many aldermen as can spare the time to go, will attend the annual convention of the League of Wisconsin Municipalities which will take place at Eau Claire June 11 to 12, it was agreed.

An application for a license to operate a soft drink parlor submitted by Matt Loe, whose establishment was raided by prohibition officers recently, was referred to the police and license committee.

PAVE PEARL-ST

The committee on streets and bridges was instructed to investigate the advisability of paving the unpaved strip of Pearl-st between the mills of the Fox River Paper company, and also to investigate a proposed plat of block 27 in the Sixth ward submitted by J. R. Deamhardt of Neenah. A large number of streets were included in the street closing program for the summer, and several more streets were ordered graded and closed.

Upon the recommendation of the street and bridge committee, presented by L. O. Hansen, chairman, the council voted to purchase a Stoughton automobile truck for use in the street department. This is a three-ton truck with hydraulic hoist, and will cost \$2,450. The truck was purchased from the Potter Service. The application of Herman Brothers grocery for permission to install a

Appleton Y.M.C.A. Ranks Among Country's Leaders, Members Told At Meeting

Work of Year Is Reviewed at
First Annual Meeting of As-
sociation Members Wednes-
day Evening.

"I am glad to have this chance of fellowship with you tonight and to hear these reports," said F. A. Hathaway of Milwaukee, state secretary of the Y. M. C. A. in an informal talk at the annual members dinner in the assembly room of the Y. M. C. A. Wednesday evening.

"When a state secretary goes into these meetings he is always expected to say some complimentary things. I think I can say something to Appleton members that are statements of fact. Perhaps I can say some things you cannot say."

"The Appleton association is the pioneer in Wisconsin in the matter of modern association buildings. You went away beyond what any other community dared to finance, and it is a source of satisfaction to us in going to other communities. The Appleton building is only nine years old, but it has been added to four times."

AMONG LEADERS

"Many times we get the impression that the work of the Y. M. C. A. is done in great cities. If you look at our own year book you will find that the great bulk of the work is rendered in small cities. There is no place where a Y. M. C. A. functions so efficiently and no place you get better results than in a city the size of Appleton. In cities of its size Appleton ranks well up to the front."

"One of the factors of your Y. M. C. A. is your president, F. J. Harwood, who has served as a director of the Y. M. C. A. for more than 40 years."

The dinner which is to be made an annual affair was attended by more than 100 members. F. J. Harwood, president, presided and in a brief talk said in part:

"It is great pleasure to preside at this meeting for the first time. We have not got to line you up to get out for funds. This is just an annual meeting of the first annual meeting we have put on and we are ten years old as an organization. It is just nine years ago since we got into this building."

WHAT Y. M. C. A. DOES

"Looking over the annual report of activities we see what the Y. M. C. A. is doing. Ten years ago the

curb pump was denied, and the initiative was taken to grant no more permits for curb pumps."

The council accepted the recommendation of the fire and water committee, headed by Alderman Jerry Callahan, to purchase a new body for the car of the chief of the fire department which is in need of repairs. The purchase of 7,500 feet of hose also was ordered.

SELL ENGINE HOUSE

The city clerk will immediately advertise for bids on the old Statest engine house in the Third ward which the council desires to sell. The suggestion has been made by Mayor Goodland at a previous meeting that the engine house ought to be sold, or that something should be done to keep it from deteriorating. The request of the water commission to move the water department office in to the offices now occupied by the city assessor and federal internal revenue collector was denied.

question was frequently asked, "What is the Y. M. C. A. and what does it stand for?" Now, I think, I am safe in saying everyone here can answer what it stands for.

"I talked to a man some time ago who said he didn't take much stock in the Y. M. C. A. I inquired the reason. He said he didn't know. I told him that was the reason. I am going to call your attention to some of the things we are doing in the way of community service."

"We have helped the chamber of commerce; we have helped the salvation army; we have rendered weekly highway map service; we have assisted the cherry pickers camp; we have promoted Near East relief; we have provided gymnasium facilities for the vocational and ungraded schools; and we have helped with boys work. What do we do for boys we do for men."

"The board has had its troubles. All our employed force had to leave us. Our general secretary was abroad for six months. I want here as president of the organization to speak a word for the board of directors."

"I never was on a board with such a faithful body of men that comes to gether once a month for two or three hours in close active work for the interest of this organization. It is a pleasure to be associated with them. And one of the pleasures in living in Appleton today is the fellowship we have among men."

Harry Parton gave a brief talk on the employed boy in which he said every member is a stockholder in the Y. M. C. A. If one can help the association in any way to do more work among employed boys he is doing the biggest service the Y. M. C. A. possibly can do, he said.

The industrial baseball league was discussed by C. O. Baetz who said it was composed this year of four teams which are going ahead with their schedule. Last year the players objected to professionalism, but this year a rule was adopted which allows three employed players to a team and is working out satisfactorily. Games are played every Saturday afternoon.

C. Windeshelm talked on social opportunities and he said he did not want to appear reactionary, but he thought members would agree with him that the Y. M. C. A. was somewhat weak in social activities. He inquired the reason and answered the question by saying he believed it was because of so many things going on in an educational way that it limited the social field.

L. O. Buchman told what the gymnasium had done for him, and C. H. Kelly reviewed the work of the Indus-

TOURIST GUIDE BOOK IS ISSUED

Tourist guide books of Wisconsin, the Land o' Lakes, Inc., now are being distributed to various communities by the headquarters of the organization at Rhinelander and a quantity has been received by the chamber of commerce.

People who are planning tours of the state may obtain copies without charge by calling at the chamber of commerce. In each book is given a list of resorts, hotels and campsites and data as to sightseeing spots. The beauties and recreational, industrial and agricultural advantages of the state are described.

A large map of the state is folded within the back cover. It shows all the highway changes effective this year.

These books were made possible by the campaign in Wisconsin last winter to raise \$40,000 with which to advertise Wisconsin. Outagamie-co has contributed part of the amount.

BEGIN REHEARSALS FOR SHOWING "RIP VAN WINKLE"

The congregation of St. Joseph church will stage another play on June 22, 23 and 24 that will include 70 persons in the cast. The name of the production is "Rip Van Winkle." It is to be directed by Mr. and Mrs. J. F. Bannister, who directed the passion play for the parish during Lent. The proceeds are for the benefit of the new sisters' house, now under construction.

trial Forum and Home Builders club. The Rev. J. L. Menard offered the invocation and discussed the religious side of the Y. M. C. A. A. P. Jensen, physical director, awarded medals won in his department and W. S. Ford called attention to those who won honors in the boys' division. George Nixon led the singing. The final number on the program was a motion picture which gave a historical sketch of the Y. M. C. A.

"It's all a matter of good taste" and

will be in the best of taste.

A new Victor Record by Caruso

It was the Victor Company's privilege to issue records by Caruso at frequent intervals during the life of the great tenor. A few have been issued since his death and a number still remain for later presentation to the public. We believe this week's announcement of new records, headed as it is by a Caruso record, will be an occasion in the life of every music-lover, and the record itself a monument to a great artist who put so much of himself into his Victor Records that he said "My Victor Records shall be my biography."

Out tomorrow New Victor Records

HIGH COURT SETS ASIDE WERNER'S TAX LAW VERDICT

Anti-Secrecy Clause of State
Income Tax Law Is Held
Constitutional

The Supreme court of Wisconsin this week set aside the decision of Judge Edgar V. Werner in which he held that the so-called anti-secrecy clause of the state income law is unconstitutional. There is a possibility that the case will be appealed to the United States supreme court. The law provides that the income tax report of firms and individuals may be studied by persons not employed in the tax office.

The action was brought by William Juneau of Milwaukee against the state tax commission and the income tax assessor for Milwaukee. Mr. Juneau was the sole complainant in the action but he had the moral support of most manufacturers and large taxpayers of the state.

Nelson Trotman, Milwaukee, one of Mr. Juneau's attorneys, has said that an appeal to the United States Supreme court will be considered after he has had opportunity to study the wording of the state high court's decision.

In dissolving the injunction obtained by Mr. Juneau against the tax commission, the court declared that question of permitting inspection of income tax returns and other public records is a matter for state officials to determine. The court failed to find any personal injury resulting from inspection of records.

"No bona fide controversy is evident in the present case," said Justice Rosenberry in his opinion.

The justice added that no effort was made to obtain information from the plaintiff "under seal of secrecy." The court declined to enter into technical discussion of the constitutionality of the secrecy provisions, declaring that no cause for such existed, since no injury had been suffered.

"There is nothing in the evidence which shows that the plaintiff has in the past, or will in the future, suffer any such injury," the opinion reads.

The secrecy clause of the income tax law was repealed at the behest of Gov. Blaine by the 1922 legislature. The repeal opened income tax records to the public on demand.

WERNER REFUSED AID
Mr. Juneau began his action in May, 1923, with a request to Atty. Gen. H. L. Ekern to institute proceedings before the supreme court. Mr. Ekern refused on the ground that he felt the law was constitutional. Mr. Juneau then requested the supreme court to take original jurisdiction in the matter to avoid the delay of hearing in Dane circuit court. The attorney general joined in this, but it was refused and the case began in circuit court.

The complaint in the case was based on the contention that the divulging of income tax statements was against the provisions of both the constitution of the United States and the constitution of Wisconsin. It alleged further that such disclosure deprived persons within the state of liberty and property without due process of law and would work irreparable injury to all taxpayers of the state.

The state, in its appeal from the circuit court decision, contended that that court erred in finding that the unrestricted disclosure of income tax returns will not benefit the state or the enforcement of revenue laws. It insisted in assessment and collection of taxes and that it erred in holding that there is danger that the plaintiff might suffer injury to his credit. The state further argued that the statute assisted in preventing fraudulent tax returns.

Defendants in the case included the state tax commissioner and John H. Leenhouts, collector of incomes in Milwaukee.

OLD POLES TESTED BY WIRE COMPANY

Poles of the Western Union Telegraph company between Appleton Junction and Green Bay which have been in service for 24 years are being tested as to soundness by a view of replacing those defective. The test is made by boring into them close to the ground.

Two men are engaged in the work and started Tuesday at Appleton Junction and are working north. The work was started after two officials had gone over the ground testing poles at intervals of several miles. If satisfactory arrangements can be made with Wisconsin Traction, Light, Heat & Power company it is possible that the wires will be lowered below electric wires wherever this can be done. The reason for doing this is to reduce the hazard of replacing them.

FISHING IS IMPROVING IN LAKE WINNEBAGO

Good fishing is reported at Waverly and Brighton beach. Both pickerel and pike are taking the hook.

White bass were biting the hook in large numbers at Winnebago car. In the week and probably will continue to do so until Friday or Saturday. The fish now are moving up stream to the spawning ground and fishermen are fishing close to the bottom of the river. When they return in a few weeks the fishing will be close to the surface of the water.

AWARD PRIZES TO Y. M. C. A. ATHLETES

Buttons and Medals Are Presented at Annual Members' Dinner

Medals and buttons won in various activities in the physical department of the Y. M. C. A. during the winter were awarded Wednesday night at the annual members' dinner by A. P. Jensen, Y. M. C. A. physical director.

Medals were won in the state volleyball contest at Fond du Lac by C. O. Gochmayer, captain, F. C. Reuter, L. A. Buchman, John H. Neller, Guy Barlow, A. C. Remley, J. Murray and F. C. Schilintz. Reuter won a place on the state team. Medals for handball were awarded to C. E. Engler, J. Murray and E. Emme, who won honors in the order named.

In the hexathlon meet for boys a gold button was awarded to Donald Hyde; silver buttons to Douglas Hyde, Roy Duffner and Robert Zschachner; bronze buttons to Cuthbert Ryan, Beverly Murphy, William Jarvis, Howard Ellis and Herbert Lutz.

In the state hexathlon, 80 pound class, C. Roth won first place in long potato race and Howard Ellis second in running high jump.

In 95 pound class R. Eads won second in standing broad jump; R. Neller second in snap under bar; Cuthbert Ryan first in target throw.

In 110 pound class R. Zschachner won second in short potato race and third in short broad jump.

In 125 pound class R. Duffner won third in fence vault.

In the unlimited class B. Murphy won third in long potato race and third in fence vault, and Don Hyde third in standing broad jump and first in 8 pound shot put.

Installs Refrigerator

Otto Sprister, proprietor of a meat market on Morrison-st., Wednesday morning had installed a Husman refrigerator counter in his shop. With this equipment the market will be able to keep meat ice cool while on display.

HEARING RESTORED OFTEN IN 24 HOURS

Amazing Results Secured in One Day
By Use of Virex Formerly Known
As Rattle Snake Oil

Deafness and Head Noises need not be dreaded any longer since the discovery of a widely known physician. Now it is possible for some of the most obstinate cases of deafness to be relieved in a day's time by the application of a prescription formerly known as Rattle Snake Oil. This treatment is meeting with wide success all over the country.

Mr. D. Doy, a Nebraska resident, 67 years old, says, "I have used the treatment for only two weeks and my hearing is restored perfectly. The relief was almost instantaneous and now the head noises have disappeared. My catarrh, a case of many years standing, is improving wonderfully."

Mr. Ben Jackson, who lives in Indiana, says, "Before I used Virex I could hear nothing. After ten days I could hear my watch tick."

Angeline Johnson, a Mississippi resident had been stone deaf for eighteen years. She says, "Virex has stopped my head noises and I can hear the train whistle 3 1/4 miles away."

Ray Fisher, Iowa resident, says, "I hadn't heard a watch tick for eleven years—now I can lay my watch on the table and hear it plainly."

Mr. W. A. Lumpkin, of Oklahoma, says, "After being deaf 35 years, I used your treatment only a few days and hear fairly well."

Mr. Anthony Chapman, of Michigan, says, "The terrible head noises have stopped entirely and my hearing is practically back to normal."

Deaf Baby Now Hears
Mrs. Ola Valentine, of Arkansas, says, "My little boy, now 5 years old, had been deaf since about 4 months of age. Now he hears very well and is learning to talk."

Mr. Mather Pellers says, "My young son, deaf for years, has used Virex for only three days and he hears all most as well as ever before."

Such amazing reports come from all over this country and Canada. The prescription which is known as Virex, is easily used at home and seems to work like magic in its rapidity on people of all ages.

So confident are we that Virex will restore your hearing quickly, and to introduce this remarkable treatment to a million more sufferers, we will send a large 22-cent bottle for only \$1.00 on ten days' free trial. If the results are not satisfactory the treatment costs nothing.

Send no money—just your name and address to the Dale Laboratories, 1607, Gateway Station, Kansas City, Mo., and the treatment will be mailed at once. Use it according to the simple directions. If at the end of 10 days your hearing is not relieved, your deafness never gone entirely, just send it back and your money will be refunded without question. This offer is fully guaranteed, so write today and give this wonderful compound a trial.

Women's Union Suits 50c

UNDER HATS OF BROAD BRIMS

The Quakers have been celebrating the 300th anniversary of the birth of George Fox, founder of their belief. There are 116,000 of them in the United States. Though known as Quakers their real name is the Society of Friends. Here is a powerful and unique organization. For nearly three centuries it has fought war and championed simplicity, truth, honesty and democracy. Among the great men it has produced were Benjamin Franklin, William Penn and John Greenleaf Whittier. The longer we study them and watch their record and way of living, the more we are inclined to believe that every Quaker is a great man. We have never personally known a Quaker that was not a good citizen.

George Fox, founder of the Quakers, went to prison many times for daring to speak his religious beliefs. Like all great men, he had what are usually considered eccentricities. One of these was a notion that it was an act of worship to take off one's hat to another person. This was symbolic of a belief that reverence belonged exclusively to the Almighty. Fox traveled as a missionary, spreading his views. Steadily he won followers. The first Quakers who landed in New York were beaten and deported. Four of them were put to death in Boston by the Puritans, who are supposed to have stood for religious tolerance. Finally they founded their own settlement—Philadelphia.

The Quakers are the oldest peace organization we have. From Fox, who refused a captaincy in Cromwell's army and pilloried war in all its hideousness, on through nearly three centuries, the Quakers have consistently opposed the wholesale taking of human life to untangle the blunders of the politicians flatteringly known as diplomats.

There have been individual exceptions. Many Quakers willingly entered the American army to fight Prussianism. But their chief battle came after the war against famine and disease in Europe. This battle is still being continued. So far the Quakers have expended over ten million dollars in European relief. They may not take their hats off to us, but we take our hats off to them—as good citizens, none better.

PROHIBITION BEFORE AND AFTER

The breakdown of prohibition in so many parts of the country is not due primarily to shortage of enforcement agents. Nor to bribery. Nor to increased cunning by the liquor ring. The real trouble is the disappearance of the campaign against John Barleycorn as an economic evil and a destroyer. When the United States went dry, about 2200 of its approximately 2500 counties already had adopted prohibition, either by local option or state legislation. National prohibition affected only the remaining wet districts—a mere fraction of the whole country. These 2200-odd counties had gone dry voluntarily—by consent of a majority of the people. They went dry as a result of years of educational and emotional campaigning against alcohol as an evil. King Alcohol was preached against, lectured against, written against. He became disreputable and was banished.

But as soon as national prohibition went into effect, the educational campaign against him ceased. Temperance became a matter of obtaining the law rather than of personal common sense. Public memory is short. People are forget-

ting the evils of alcoholic abuse. A new generation, that was too young to be impressed by the temperance campaign is growing up and toting its flasks.

Prohibition is a farce in many sections, largely because it is an attempt to stop the selling of booze instead of stopping the drinking of booze. Booze is a temperance problem. Few now look at it in that light. Instead, they look on it as a matter of obeying a piece of legislation rushed through congress. Prohibition will continue to be a part failure until it is approached sensibly as a temperance problem. Some believe that light wines and beer are the ways to temperance. Others disagree. One of these days there will be a showdown.

PICTURES BY WIRE

Apparatus for transmitting photographs, drawings, printing or handwriting has been installed in Cleveland. Pictures of the Republican convention and of prominent figures participating in it are to be wired to the principal cities. The system was tested this week when photographs were transmitted from Cleveland to New York city and the test was said to be wholly satisfactory.

The system was developed by the American Telephone and Telegraph company, which owns the Bell telephone and Western Union telegraph companies and controls the basic radio patents. It is used on long-distance telephone wires, and the company is so well pleased with the demonstration as to state that it is commercially successful.

The principle of the system is the transmission of the shadings on a film by light beams. The beams regulate automatically the electric current which passes through the telephone wire. The film is on a cylinder, which rotates much the same as the old-fashioned phonograph cylinder. At the receiving end is another cylinder, synchronized to the sending cylinder. A light at the receiving end is regulated by the electric current transmitted from the sending station and reproduces the shadings on the sensitized plate or film.

Experiments have been under way for a quarter of a century to invent a process or apparatus for transmitting photographs. There will be many uses for photograph transmission. The press will send many pictures of events and persons by wire. It takes only five minutes to complete transmission. The police will rely on it frequently to send out photographs of suspects. In business it will serve purposes of identification and introduction, and pictures of buildings and places of some special commercial significance will be wired here and there. It is an altogether remarkable and desirable invention.

MOVING TOWARD INDEPENDENCE

Government allied in the British empire have displayed an independent spirit since the close of the world's war. They have not been content to let the home administration in London settle international problems. Canada was the first of the British states to take a decisive stand and set an actual precedent in its relations with the United States. Now Premier Mackenzie-King recommends to the house of commons that Dominion approval to the Turkish peace treaty, drawn at Lausanne, should be withheld, contending that Canada had not been invited to the conference and was not one of the signatories.

The situation is somewhat like that which existed in the American colonies prior to the Revolution. While there were a few leading Americans who believed in separation from England, most of them retained affection for the mother-country. None of the members of the present commonwealth wishes to break with England, except, perhaps, India, but Canada and Australia insist on having an active share in settling common problems of importance. Africa is growing decidedly independent. All of the so-called British colonies will become more independent as time goes on. Furthermore, coercion or force can never hold the British empire together.

National Medical Association reports a doctor shortage, but what we need to cure this is a patient shortage.

The world moves, according to scientists, at the rate of 66,666 miles an hour, and you must go some to keep up with it.

Every man believes in trial by jury until he is summoned for jury duty.

There is a slight drop in the high cost of living, but no drop in the high cost of high living.

No small boy would want to be president if he knew how much work it takes to hold the job.

Political platforms seem to be built of glibbery.

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician And Author

Dr. Brady will answer all signed letters pertaining to health. Writer's name is never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

NO SHOVEL DOWN BELOW

This is a recent blast from Highland Park, Mich. Your favorite answer to a recent inquiry about the drinking of coffee which you declare is not harmful has pleased me no end, as I am almost a coffee fiend and this is really one of the very things about which I can agree with you. In fact I had in mind to suggest that you consult one of the expert physicians in Pontiac (Pontiac, for the benefit of the outsider, is the seat of a state hospital for mental disease) as I feared that there must be something radically wrong with a doctor who says there is no such thing as a cold, rheumatism and other diseases which most of us earthly creatures enjoy.

Now that you have declared yourself in favor of coffee I think there is still hope for you and I am adding two more cures to my daily quota, due to your favorable opinion. I serve notice that if this results in overstimulating my heart and hastens my departure to the place where there is no winter, I shall take revenge by having you shovel my share of coal when we meet down there below.

For one who believes as I do in the great value of vigorous daily exercise for keeping a feller well, I'm tired of shoveling coal right here on earth. When we meet down below I hope they'll assign me to the oil burner gang. The last ton is the heaviest.

When I visit Pontiac to consult one of the psychiatrists there it will be about one of my patrons in Highland Park who appears to be obsessed with certain delusions. For instance, because I asserted that a cup or two of coffee is harmless and wholesome for the average adult he assumes with all the logic of a demented person that one may make a hog of himself drinking coffee in excess. Again he assumes that because I have denied the existence of such an entity or disease or condition as "cold," "rheumatism," "I deny that anything else folks who are content to label their maladies with these meaningless names.

Certainly I do deny that there is any such disease entity as "cold," or "catarrh," or "rheumatism," or "change of life," or "acute indigestion," or "nervous breakdown," or "impure blood," or "weak lungs." I do not deny that these meaningless names are applied to innumerable maladies by those who do not know, do not care or do not wish to divulge what really is the matter.

In denying that there is such a disease entity as a "cold," I fully realize that I may seem to run counter to the teachings of many health authorities and the common practice of physicians. Yet I challenge any one to define a "cold" in such terms as any other expert or authority on health or disease will agree to. The great difficulty in all discussions of this subject is that each individual has his own peculiar conception of what a "cold" is, and no two conceptions coincide. For that reason there is always plenty of room for endless argument, for if you get an opponent in a corner you invariably discover that he has been talking of something quite different from what you have been talking about. I challenge any health authority, physician, scientist or layman to produce evidence that exposure to cold, wet, draft or sudden change of weather predisposes an individual to any of the diseases commonly known as "cold." At the same time I know perfectly well that sudden alterations of surface circulation, such as are produced by heat or cold, such as the hot mustard foot bath or in the cold shower bath, are ordinarily followed by a reaction which improves the lining membrane of the breathing tract. This reaction, I maintain, never predisposes to disease.

QUESTIONS AND ANSWERS.

Quinine Sulphate
Just how is quinine sulphate injurious when taken in excessive doses? (M. T. R.)
Answer.—Overdose causes ringing in the ears, dizziness, disturbance of taste and smell, impairment of vision or deafness.
(Copyright, National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Thursday, June 8, 1899.

John Stevens, Jr., was at Milwaukee on business. George Schmidt of Neenah purchased a fine driving horse from David Hammel.

F. W. Hartman, H. H. Rogers and the Rev. A. M. Bullock attended the Odd Fellows convention at Oshkosh.

Miss Jennie Pearson and Miss Maud McCaul returned from Elmira college which they attended the previous year.

The J. C. Club met Wednesday evening at the home of the Misses Vena and Ida Roemer.

The funeral of J. S. Buck was held from the home of his daughter, Mrs. John Bottensek at 230 the previous afternoon. The services were conducted by Dr. Henry Lummis and the Rev. F. T. Rouse.

The bearers were J. A. Hawes, C. L. Marston, A. J. Ingold, Henry Holbrook, Dr. Chilson and C. W. May.

O. H. Ecker of Fond du Lac, formerly principal of Ryan high school, and Miss Edna Evans of Cambria were married at the home of the bride's father, Emory Evans.

Mrs. and Mrs. F. P. Wolf celebrated their golden wedding anniversary at DePere. They were former residents of the town of Freedom, where they settled in 1848.

At a meeting of the common council the previous evening the street commissioner was ordered to put John and Lawrence in good repair.

The Elks membership had reached 100 and was growing rapidly.

The mass work on the new sulphate plant of Wolf River Paper & Pulp company was about to be commenced.

TEN YEARS AGO

Thursday, June 4, 1914.

Mr. and Mrs. Joseph Schwartz returned from a visit to Sheboygan.

Mrs. A. E. McRea of Chicago, landscape artist for the Chicago, Milwaukee & St. Paul Railway company was to deliver an address before the Kaukauna Woman's club the following Sunday afternoon.

Application was made to the county clerk for a marriage license by William F. Ploeger and Ida Kulemin, both of Seymour.

Four inches of rain in the previous 24 hours established a new record of precipitation in Appleton. Water flowed out of basement windows in many homes in the northern part of the city.

The annual commencement exercises of the county schools were to be held at the courthouse the day following. The graduating class was composed of 142 members.

The prohibition state convention at Madison voted down a platform resolution favoring a constitutional amendment for the national prohibition, but adopted a substitute calling for abolition of taxing and licensing of the liquor traffic, and then it deemed advisable a prohibition amendment.

Governor F. E. McGovern announced he was a candidate for United States senator.

Otto W. Schaefer was elected president of Appleton Macnabrother at its annual meeting at Eagle hall.

A barn on Judge T. H. Ryan's farm in the town of Conter was damaged by lightning.

SEEN, HEARD

---that's all
there is
to life

JOYKILLERS

Sing a song of expense,
Living's awfully high;
Lobsters cost a fortune,
So does good old rye;
Butter costs ten cents a spread,
Eggs fifteen a fry!
If gas were less expensive,
I'd turn it on and die.
—S. O. S.

The "Twenty-Five Years Ago" editor digs up the news that 25 years ago yesterday a man was overcome by the heat at the Fox River mill. Now, aren't you glad summer has not yet arrived?

Mike says—
To smoke cigars is a pastime;
To smoke a pipe, a habit;
To smoke cigars, a luxury;
To chew tobacco, an achievement.

Come Early and Avoid the Rush
For Sale: Cheap, if taken at once. Modern house, with full basement. See Harry A. Clomparensen.
—Holland, Mich., Sentinel.

A flock of Missouri and Kansas bankers are coming here next month to see how Wisconsin farmers do things. The "show-me" Missourians will be shown a thing or two. But what have we here that will beat the Kansas roosters?

Here lies Henry Wallace Smoot.
His humor never failed
Until he called a Roebuck suit.
A first class coat of mail.

CLINTONVILLE HAS EXERCISES FOR DEAD

Could these have been setting up exercises? Or what kind of exercise, now, would you give a dead man? Anyway, the dead ones at Clintonville may need exercise.

Oh, Look! Harry Sinclair is building an oil station in Appleton. Now maybe Appleton will get a little publicity, too, just like Shelby, Tea Pot Dome, Oshkosh and other places.

We thought we'd let that story about the snoring fisherman at Mount Ascutt in to see if there would be any bric-a-bracs coming this way. Now that you all feel for it, permit us to quote the truthful advertising salesman,—truthful because he is an advertising salesman—who says that the resonance of that snoring was so powerful that it killed all the fish in the lake.

After polishing up the nicker trimmings of another person's car with dollar bills, an Oshkosh man declared he was possessed of the devil and started to disrobe on the street. Peculiar how Oshkosh affects some folks. Must be the atmosphere of the hospital near by.

ROLLO.

Try To Give Public Sugar From Corn

BY FREDERICK J. HASKIN
Washington, D. C.—In a laboratory of the bureau of chemistry, government scientists are making sugar from corn. They take cornstarch or hominy grits and put it through a number of processes, and obtain a fine, crystallized sugar, called maltose. It is about three-fifths as sweet as the best or cane sugar on the breakfast table.

H. C. Goro has been conducting the government's laboratory sugar plant for about a year, and he expects to give two more years to the task of making sugar from starch a practical possibility. Sugar from rice and other starchy materials as well as corn may soon be industrial products as a result of the government's research.

The attempt to make maltose from corn is not new. A French chemist produced maltose 50 years ago, but the process was expensive and maltose has always remained a rare sugar. A little of it is made laboriously made from time to time. It has a market value of from \$12 to \$15 a pound. There is almost no demand for it, and therefore no commercial firms have ever tried to evolve a cheap factory process for making it. It is only made at all because it is chemically pure or very nearly so, and occasionally a scientist needs a pure sugar medium in which to raise some existing family of bacteria.

Mr. Goro has been studying ways of manufacturing this rare sugar with the idea of bringing it down to a practical price level and making it a common sugar. He says that maltose can be manufactured on a large scale more cheaply than cane or beet sugar.

It is not likely that corn sugar will replace standard varieties on the American table. But the new sugar may play an important part in industry nevertheless. It can be used to advantage in the food industries, particularly in the making of bread, candy, and ice cream. Housewives may also use it in cooking and home canning.

The importance of the government's research is that it promises assistance to American corn growers. In recent years the farmers have had a surplus corn crop in spite of all the corn products now made.

WILL REDUCE IMPORTS
Maltose, if commercialized, will cut down imports of sugar to some extent and make the United States less dependent on the temperamental foreign cane crops. Our dependence on foreign markets is evident from the fact that Americans use 5,600,000 tons of sugar a year, of which only about half is grown under the American flag. As the population is increasing by some 15,000,000 every ten years must expect steadily to increase our own supply or to buy more from foreign powers.

Horses Are Pals To Their Owners

(From the Diary of Dude Wrangler, G. Struthers Burt, in The Saturday Evening Post.)

I am not, as I say, sentimental about horses; I have never yet seen a man a horse liked as well as a nice bundle

"I'd know the name if I heard it" ----

said a young Kaukauna man who stopped in to see us a week ago.

He was asking for a certain make of shirt that he had purchased in New York and it had been the most perfect shirt he had ever owned.

"Was it a long name?" we asked. He scratched his head.

"Was it a Red Label trade mark?" He wrinkled his brow.

"Was it an Eagle Shirt?" He showed his teeth!

"That's it!" he exclaimed—"and if you have that brand in stock I'll take half a dozen."

Selling Eagle Summer Shirts in lots of 3 to 12 is about all we do all day between 8 and 9.

New ideas every week—

\$2 to \$6

MATT SCHMIDT & SON
"TWO FLOORS OF GOOD THINGS TO WEAR"

The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. What breed of cattle holds the milk producing record and what breed the butterfat record? G. L. D.
A. Both the butterfat and the milk

of hay. But on the other hand, if you have ridden one horse a lot and know all his little ways and he knows all yours, and if you have ridden miles with him, after a while you begin to cherish an affection for him against your better sense.

There's a sweet, warm, companionable feeling to the rippling muscles of his neck when you put your bare hand against them on a pitch-black deserted trail, although not quite so much company as you get out of a dog in camp. And as for Joe, if you miss the trail in the dark and try to turn off it he will do his best to buck with you.

There's one thing about being with such short-lived things as horses and dogs that isn't pleasant. You understand what age is too soon. Here is Joe getting old—and he's only 16. You get too much an impression of the flight of time. A wise man should keep an elephant and always feel young.

Unusual People

TEMPTATION IGNORED

J. O. Mansen, employee for more than 50 years at the U. S. Treasury wins the world's honesty prize. He's counted more than eight trillion million dollars (\$8,000,000,000,000) in his time, and is still at it.

producing record have been held for the past three years by the Holstein Friesian breed.

Q. What is the best season of the year to make a trip down the Ohio and Mississippi Rivers in a canoe? R. G. S.

A. The Weather Bureau says that all things considered, it is probable that the fall months would be most satisfactory to make the trip in question. The danger of severe storms is less of that period of the year and the waters are usually at moderate stages.

Q. What book has been called "The Bible of the Romantic Reformation"? A. R. D.

A. This name is applied to "The Reliques of Ancient English Poetry."

Q. Is there any way of estimating the number of women in this country who do laundry work for a living? I. W. T.

A. Census figures for 1920 show 120,715 wash women employed in laundries and 396,756 not in laundries.

Q. Is there a town in the Klondike named Flat? C. H. M.

A. There is a town in Alaska by this name. It has a post office but mail is restricted in winter months. It may be located on the map by 60 degree North Latitude and 153 degree West Longitude.

Q. In what states is the old-fashioned curfew law enforced? W. M.
A. There are no states in the Union where the curfew as it was known in the early days, is enforced. Formerly the curfew sounded as a signal for all fires and lights to be put out. This was sounded because heat was obtained from open fireplaces, and the measure was regarded as necessary for the safety of the community in order to prevent fire. According to Bouvier's Dictionary, some states have enacted legislation in regard to the curfew, but it is a convenient method of letting the inhabitants know what time of the night it is.

Q. How large are hen eggs? F. S.

A. The Department of Agriculture says that the normal size of an egg is from 2 to 2 1/2 ounces; however, eggs have been known to be as large as 6 ounces and are approximately 2 1/2 inches long and 2 inches in diameter.

Q. Is it true that true amber makes noise? R. M. K.

A. When pure amber is held near the ear it can be noticed that it gives out a cracking sound.

Q. What does the name "Lillom" mean? A. E.

A. It is the Hungarian for "Lily" and a slang term for "tough."

Q. Is there any rule or law as to pictures of Presidents being put on stamps? How is it arranged for? A. F. H.

A. The Post-Office Department says that there is no rule regulating the use of Presidents' portraits on postage stamps, except that portraits of Presidents who are living are not used. In many cases, influential individuals organize a memorial association which promotes the idea, and if at this time the Post-Office is in need of a new series of stamps the portrait is accepted.

U.C.T. Ladies To Be Guests At Reception

A reception will be given for members of Ladies auxiliaries of United Commercial Travelers from 2 to 3 o'clock Friday afternoon in Elk hall. The Orle orchestra has been engaged and a musical program has been arranged.

Members of the Matinee Musicals, not active this year, are to sing several choruses numbers. They include: First soprano, Mrs. Fred Bend, Mrs. Marie Boehm, Mrs. J. J. Edwards, Mrs. John Kutz; second soprano, Mrs. S. W. Murphy, Mrs. Charles Reineck; first alto, Mrs. E. E. Dunn, Mrs. Joseph Kox, Mrs. A. H. Miller; second alto, Mrs. W. H. Dean, Miss Irene Blawell, Mrs. Stewart Leuchars. Dancers are from the studio of Miss Marie McCloskey. The accompanist is to be Russell Thon.

The program: "Bridal Chorus" from "The Rose Maiden"..... Cowen
Matinee Musicals chorus.
Solo dances, "Sailors Hornpipe," "French Baby"—Mary Voelckers.
Piano solo, "Concert Etude"..... MacDowell
Dorothy Murphy
Solo dance, "Sleeping Beauty"—Eleanor Voelckers.
Vocal solo, "Little Shepherd's Song"..... Watts
"Il Bacio"..... Ardill
Lucille Meusel
Toe dance, "Valse Poetique"—Mary Voelckers.
"Goodnight, Beloved"..... Pinsuti
Matinee Musicals chorus.

WEDDINGS

The marriage of Miss Hilda Radatz, daughter of Mr. and Mrs. John Radatz of Little Chute and Wilhelm Tetzlaff, son of Mr. and Mrs. Fred Tetzlaff of Freedom, occurred at 10:30 Wednesday morning in St. Peter Lutheran church at Freedom. The Rev. G. A. Dettmann performed the ceremony. The attendants were Esther Radatz, Elvira Reiter, Bertha Loewenhagen, Henry Gelmer, Walter Stapel and Walter Radatz.

Miss Florence Hawley daughter of Mrs. Mary Hawley, 1033 Leakey, and Edwin Kufner, son of Joseph Kufner, 1481 College-ave were married at 9 o'clock Wednesday morning in Sacred Heart church by the Rev. F. L. Ruessman. The attendants were Clarence Hawley and Miss Eva Robertson. A wedding breakfast was served after the ceremony at the home of the bride's mother. After a trip to Milwaukee the young couple will make their home in Appleton.

The marriage of Miss Jullitta Bruecker, daughter of Mr. and Mrs. John Bruecker of Dundas, and Paul Bosch, son of Mr. and Mrs. Henry Bosch, 1132 Richmond st., occurred at 8 o'clock Tuesday morning in St. Francis church at Hollandtown. The Rev. Father Brueker of Milwaukee, an uncle of the bride, performed the ceremony. Miss Olga Bruecker, a sister of the bride, and Herman Bosch, a brother of the bridegroom, attended the couple. A reception was held at the home of the bride's parents. After an automobile trip to the southern part of the state and Belvidere, Ill., Mr. and Mrs. Bosch will make their home in Appleton.

Miss Marie Schoepel, daughter of Mr. and Mrs. Louis Schoepel, 733 Broad-st., Menasha, and William DeBruin, son of Mr. and Mrs. Peter DeBruin of Freedom, were married Tuesday morning at St. Mary church in Menasha. A sister of the bride, Miss Mildred Schoepel, and a brother of the bridegroom, Frank DeBruin, were the attendants. A breakfast was served at the bride's home to relatives and friends, after which the young couple left on a wedding trip to Racine and Milwaukee.

Miss Hattie Gettlinger, daughter of Levi Gettlinger of Dale and William A. Eckstein of Allenville, were married at 2 o'clock Wednesday afternoon at the parsonage of the Lutheran church at Zittau. The Rev. Frank Welland read the service. The attendants were Oscar and Miss Myrtle Eckstein, brother and sister of the bridegroom.

A wedding supper was served to about 50 friends and relatives in the evening at the home of the bride. Mr. and Mrs. Eckstein will reside on the Gettlinger farm two miles west of Dale.

CLUB MEETINGS

The auxiliary of United Spanish War Veterans will have a meeting at 7:30 Friday night in Armory G. The auxiliary will discuss sending delegates to the state convention at Beloit June 24.

Forty-eight members and fifteen comrades attended the regular meeting of Women's Relief corps, auxiliary to the Grand Army of the Republic, Wednesday afternoon in Odd Fellow hall. It was decided to hold a rummage sale Wednesday afternoon in Odd Fellow hall. A lunch and social followed the meeting. Mrs. William P. Struck was chairman of the social committee.

L. P. G. club entertained members and friends at a dinner-dance in the French room of Conway hotel Wednesday night. Dinner was served at 7 o'clock, followed by dancing. Nine couples were in attendance. The tables were decorated in pink and yellow and there were favors for all. The club will have no regular meetings until fall.

Hoo-do Dance at Valley Queen, Fri., June 13th. Barty's Orchestra. Buses as usual. Follow the crowd.

Four Students Give Readings In Peabody Hall

An interpretative recital is to be presented by the public speaking department of Lawrence college at 8 o'clock Friday night in Peabody hall under the direction of Miss Margaret Sherman.

Part one of the program consists of a group of modern poems interpreted by Miss Helen Norris.

Her program follows:
GROUP I
"The Philosopher"..... Edna St. Vincent Millay
"Two Ways"..... John U. Weaver
"Pierrot Was My First Love"..... Mary Carolyn Davies
GROUP II
"Roofs"..... Joyce Kilmer
"Flies from Thistles"..... Edna St. Vincent Millay
(a) First fig
(b) Second fig

GROUP III
"Sea Fever"..... John Masefield
"Patterns"..... Amy Lowell
"Chicago"..... Carl Sandburg
"Miss Lala Rosenzweig is to read 'The Trimplet' by Stuart Walker. The scene is 'a lonely place, the time is partly then and partly nowadays.' The characters in 'The Trimplet' are the Lady Bobolala, the Marquis of Street, the Lady Saratana, the person passing by, You (the audience), the Baron Milton Maurice.
Act one of 'Caesar and Cleopatra' by Bernard Shaw will be read by Miss Muriel Hammond. The characters in the act Miss Hammond reads are Caesar, Cleopatra and Flaututa.
Miss Dorothy Ralph is to read 'A Minute' by Louis N. Parker. The scene is a prison cell in the Bastille at the time of the French revolution; the characters include the marquis, the marchioness and the gaoler.

LODGE NEWS

The Elks at their monthly meeting Wednesday evening decided to celebrate flag day, Saturday evening, June 14. A committee composed of Dr. C. E. Schmidt, chairman, C. A. Gerlach and C. F. Tennie was selected to make the necessary arrangements.

Appleton camp 443, Modern Woodmen of America, will have its regular meeting at 8 o'clock Friday night in Rhine Lodge hall. A class of 12 new members will be given full work of adoption.

Election of officers will take place at the regular meeting of Appleton commandery, Knights Templar, at 7:30 Friday night in Masonic hall. Other routine business will be transacted.

Bridge was played at the regular meeting of Elk Ladies Wednesday afternoon in Elk hall. Prizes were won by Mrs. A. G. Koch and Mrs. Oscar Kuntz.

Six tables of schafkopf were played at the last meeting of Lady Eagles for this season Wednesday afternoon in Eagle hall. Prizes were awarded to Mrs. Joseph Schmirler, Mrs. George Vogt, Mrs. Edward Horn and Mrs. William Klahorst. The women will have on outing later on, but no date has been decided upon.

An open evening card party was planned by the Ladies auxiliary of Catholic Order of Foresters at the regular meeting Wednesday night in Catholic home. This will be given June 18 in the Catholic home. A social time followed the meeting Wednesday night. Miss Catherine Derby won the prize at bridge and Mrs. Spoerl won the prize at schafkopf.

Social Calendar For Friday

7:30, Appleton commandery, Knights of Templar, Masonic hall.
7:30, Auxiliary of United Spanish War Veterans, Armory G.
8:00, Modern Woodmen of America, Rhine Lodge hall.
8:00, Recital by public speaking department of Lawrence college, Peabody hall.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion
So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid. To stop or prevent this souring of the food contents of the stomach and to neutralize the acid and make it bland and harmless, a teaspoonful of Bisurated Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisurated Magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

Install New Officers Of Eagle Lodge

J. H. Fiedler was installed as president of the Fraternal Order of Eagles by officers of the Menasha series Wednesday night in Eagle hall. He succeeds William Koehnke. Other officers installed were:

Vice president, Henry Wegner; chaplain, P. P. Donnelly; secretary, Charles Schrimpf; treasurer, C. G. Jungnik; trustees for three years, Martin Boldt; inside guard, Andrew Hermann; outside guard, Max Hoffmann; physicians, Dr. D. S. Kunnels and Dr. William C. Felton.

The meeting was exceptionally well attended by members of the order. F. Heinemann, Judge A. M. Spencer and M. J. Gallipeau were among the speakers. Judge Fred V. Heinemann presented William Koehnke, past president, and P. P. Donnelly, chaplain, with rings bearing the Eagle emblem in recognition of their work.

PICNICS

The Campus club will have a picnic at 3:30 Saturday afternoon in Pierce park followed by a supper at 5:30. It has been announced that in case of inclement weather the supper will be in Lawrence college library. The picnic was originally planned to be held at High Cliff, but has been changed to Pierce park.

PARTIES

Mrs. William VanNortwick, 675 Union-st., entertained 28 friends at a 1 o'clock luncheon at her home. Bridge followed the luncheon.

A surprise birthday party was given Wednesday night for Mrs. George Bodway, 634 Rankin-st., by the officers and drill team of Women of Mooseheart legion. Prizes at bunco were won by Mrs. Louis Eisner, Miss Hertha Rhode, Mrs. Clyde Cavert, Mrs. Edward Koehn and Mrs. M. J. Gehlin.

Mr. and Mrs. William Mueller, Appleton, will celebrate the fifteenth anniversary of their wedding at Heini's hall, Greenville, Thursday night. Music for dancing will be furnished by an orchestra.

Summer School

TWO MONTHS TWO SUBJECTS TUITION \$25.00
MISS BROWN'S SCHOOL OF BUSINESS Milwaukee & Oneida-Sts. Milwaukee

Drama Club Presents Two 1-Act Plays

Success marked the close of the season for the dramatic workshop of Appleton Women's club which presented its last program for this club year at the Playhouse on Wednesday evening. Both "Mr. Antonio" and "Mr. Sampson," the two plays which were presented, were well done. Miss Elsie Mau played plane selections before the plays, and Miss Catherine Arnold and John Schueller played between acts. Mrs. John Engel, Jr., read, "The cast of 'Mr. Antonio' sent flowers to its coach, Mrs. Stanley T. Lowe who submitted to an operation at St. Elizabeth hospital on Tuesday. The cast of 'Mr. Sampson' presented its coach, Miss Martha Chandler with flowers.

CHURCH SOCIETIES

Large delegations from Holy Name societies will attend the diocesan conference at Green Bay on Sunday. There are three societies in Appleton affiliated with St. Joseph, St. Mary and Sacred Heart churches.

The Women of the Social union of Methodist Episcopal church will give a June breakfast in the church parlors June 14 from 8:30 to 10 o'clock. This is the second breakfast the women have given and it was because the first was so successful that a second was planned.

Young Girls Clear Away Pimples With Cuticura

Gently smear the pimples with Cuticura Ointment on the end of the finger. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring.
Samples Free Mail. Address: "Cuticura Laboratories, Dept. 386, Malden, Mass." Sold everywhere. Keep the Ointment in and use Cuticura Soap. Try our new Shaving Stick.

TELLS KIWANIS OF PATRIOTIC DUTY

Henry J. Pettigrew is Speaker at Luncheon — Club Will Aid Scouts

Facts of patriotism which the average person ought to know were contained in the address of Henry J. Pettigrew, past commander of the American legion, at the Kiwanis club luncheon Wednesday noon at Vermeulen's. His subject was "Americans and Americanism."

Mr. Pettigrew gave several definitions of patriotism and quoted the preamble of the American legion constitution to show what the veterans of the World War have chosen as their aim. He also explained the rules governing use of the American flag, especially in its correct display for decorative purposes. Abuses of the military rules are numerous, he said, and the legion is trying to use its influence to correct them.

All of those present arose and repeated the oath of allegiance to their country and flag as part of the program. A solo was given by George Nixon, tenor.

The club endorsed the boy scout and girl scout movement in Appleton and appointed committees to cooperate

BEG PARDON

Prices of kerosene have not been lowered by the Standard Oil company as announced in Wednesday's Post-Crescent. A. W. Miller, manager of the company declares, Gasoline prices have been lowered only in these places where there is competition of co-operative companies.

Henry Sell, having sold his farm on Route 7, to Ed. Graper, has moved upon the farm of his son-in-law, Paul Tank, Route 1, Menasha.

with these organizations. L. D. Craig and Arthur Gilsdorf were named a committee to assist the local boy scout council. Girl scout cooperation was referred to the committee on public affairs of which G. D. Ziegler is chairman. This group will help provide transportation for the girls to the summer camp at Waupaca.

KAUKAUNA NEWS

Melvin Trams Telephone 329-J
Kaukauna RepresentativeMAIL CARRIERS AT
KAUKAUNA GIVEN
HALF DAY HOLIDAY

Postmaster Mill Grants Saturday Afternoon Vacations to Mailmen

Kaukauna—In accordance with permission granted by the post office department, Postmaster A. R. Mill has granted a half holiday to city mail carriers on Saturday afternoon beginning Saturday, June 14. Saturday afternoon mail in the residence sections of the city will be discontinued but delivery in the business districts will continue as usual. One carrier will work each Saturday afternoon to keep up the regular service.

Inasmuch as such curtailment of service affects patrons of the post office, it will be up to them to determine whether the plan will continue. Persons who find Saturday morning delivery inadequate are requested to communicate with the postmaster and if complaints are too numerous regular delivery will again be resumed.

On Saturday morning the city carriers will wait until the arrival of the 9 o'clock mail which practically includes all the mail delivered in the afternoon. Under the regular schedule the carriers left the office at about 8 o'clock and on their afternoon trips carried the 9 o'clock mail.

The action of the postmaster in granting the half holiday is in line with a practice which is being instituted in other cities all over the country. In many places, however, the question is put to the citizens for referendum vote to determine whether the carriers should receive the holiday. The plan will be carried out only during the summer months for the present and regular service will be resumed Saturday, Sept. 13.

LANDSCAPE ARTIST
LAYS OUT GROUNDS

Kaukauna—Donald J. Bushey of Appleton, who was awarded the contract for landscape gardening about the new high school, has had three men at work for several days planting shrubbery and beautifying the grounds. The original level of the land had previously been raised with several feet of red clay and a top soil of black dirt was necessary to insure growth of the shrubs.

Attention is being directed to the grounds in front of the new building and near the high school auditorium. The rest will not be laid out until the entire block has been cleaned up. The wood and coal sheds of Renn and Co have not been removed.

Stakes have been set showing the proposed location of the cement walks which will lead from the street to the building. It is probable the walks will be laid before the opening of the school term next fall although arrangements thus far have not been made.

The road district superintendent has just finished with the installation of a catch basin and sewer along the street in front of the school where much water gathered during the last storm. The street was practically blocked when the water, unable to escape, created a long pond which covered the sidewalk to a depth of about three inches. The sewer will carry the water under the road and into the river.

KAUKAUNA PERSONALS
Kaukauna—Alfred Ristau and Carl Runtz have returned from a two weeks' auto trip through Minnesota and to Canada. The boys covered approximately 2,100 miles and visited Colby, Wis.; St. Paul, Minneapolis, Duluth, Gilbert, Minn.; Port Arthur, Port Williams and Montreal, Canada. Mr. and Mrs. William VanDyke and Miss Jones Schmidt, autowed to Milwaukee Tuesday on business. Stanley McCarty and Albin Gerend, who are students at Marquette dental college, Milwaukee, have returned to spend their summer vacation at their homes in Kaukauna.

WEDDINGS AMONG
COUNTY'S PEOPLE

HOEF-KRAUSE
Black Creek—Miss Anita Hoef, daughter of Mr. and Mrs. William Hoef of town of Cicero, and Henry O. Krause, Jr., son of Mr. and Mrs. Henry Krause, Sr., of town of Onida, were married at 2 o'clock Wednesday afternoon at St. John church in Cicero. The Rev. P. Becken performed the ceremony. The attendants were Miss Adeline Hoef, Richard Hoef, Miss Gertrude Krause and Harvey Alberts. A reception was held afterward at the home of the bride's parents. Mr. and Mrs. Krause will make their home on a farm in the town of Onida.

FOR INACTIVE KIDNEYS
When the kidneys are in need of a good flushing take FOLEY PILLS, a diuretic stimulant for the kidneys. They promptly and effectively flush the kidneys, increase their activity and bring pleasant relief. Landon Taylor, Dorchester, Iowa, writes: "I can truthfully say that FOLEY PILLS are the best I ever used. I had lots of trouble with my kidneys and liver. I couldn't lift anything my back was so weak. Every morning I was dizzy and would hardly walk, but now I feel fine. Sold everywhere."

"TWINS" PROVIDE
LAUGHS IN PLAY

Plenty of Comedy in Kaukauna High School's Senior Class Play

Kaukauna—Next in importance to the leading characters in the high school senior class play "The Charm School" to be presented in the high school auditorium Wednesday evening, June 11 are the twins, Tim and Jim Simpkins, comedians of the play, who look alike act alike and love the same girl. The parts will be taken by William Taylor and William Wingo who are about the same size physically and who will be made to look alike according to Miss Ethelyn Handran who is directing the production.

The twins, who toll not and have never seriously considered spinning are producers of laughs all through the play. They both love Sally Boyd, who off stage is Arlene Franks. Sally is a member of the senior class in the girls' boarding school which was inherited by Austin Bevans, auto salesman, who in every day life is Prentice Hale. Miss Boyd is a vivacious sort of girl who speaks her mind very freely, perhaps too freely, but who, nevertheless, is the life and pep of the senior class. The twins, who very much desire to win an heiress, are ardent in their wooing of Sally until they finally discover she is not an heiress nor does she ever dream of becoming one.

Hand made posters advertising the play have been distributed throughout the city. Letters for the placards were cut by pupils of the junior high school but they were arranged on the cardboard by teachers and members of the senior class. Advance sale of tickets is in charge of W. T. Sullivan. Seat reservations can be made at the usual places beginning next week.

27 GRADUATE FROM
HOLY CROSS SCHOOL

Kaukauna—The closing exercises and entertainment of the eighth grade students of Holy Cross parochial school will be given in the high school auditorium at 8 o'clock Friday evening. A class of 27 pupils will graduate and will receive diplomas from Mgr. P. J. Lochman, pastor of Holy Cross church. A play entitled "Ted" will be given following the graduation program.

The program for the evening follows:
"Coronation March"..... Orchestra
Valedictory..... James Lang
Address and distribution of diplomas
Rt. Rev. Mgr. P. J. Lochman
Class song:
"Over the Waves"..... Orchestra
Welcome..... Minims
"Swing Song"..... Chorus
Duet.....
Bernice Werscham, Zita Creviere
Hoop drill..... Eighth grade girls
Duet, Cordell Runtz, Cleo Bayorgone
"Ted"..... Class play

MOST FARMERS FINISH
SPRING GRAIN SEEDING

Special to Post-Crescent.
Cicero—Farmers in this vicinity have their grain seeding all completed and several have most of their corn planted in spite of the backward season. The outlook for a big hay crop is exceptionally good.

Carl Nelson of Leeman, and H. E. Spaulding autowed to Green Bay on business Wednesday.

32 TEACHERS WILL
RETURN TO WORK IN
KAUKAUNA SCHOOLS

Board of Education Will Sign Contracts With Mentors for Next Term

Kaukauna—Thirty-two teachers of Kaukauna public schools who taught here during the term just ending will come back next fall. The teachers have all signed the new contracts which were issued last week and which included a new clause prohibiting married female teachers from securing a position and which prohibited a female teacher to hold her job if she is married during her term of contract.

Teachers in the high school who will return include J. F. Cavanaugh, superintendent of schools; Elizabeth Stiller, head of mathematics department; Olla C. Dwyer, assistant high school principal and science teacher; James McGrath, mathematics and athletic coach; Marcella Thompson, librarian and English teacher; Florence E. Bounds, Latin and history; Genevieve McGowan, mathematics and English; Ethelyn Handran, English; Edith Porterfield, head of commercial department; Anna Gibbons, head of home economics department; Ann Giese, commercial and office clerk; Helen Hall, physical culture; Carol Boorman, home economics; W. T. Sullivan, supervisor of manual arts; Stanley Beguhn, manual arts.

In addition William Smith of Appleton has been engaged at a salary of \$2,000 a year to teach physics and chemistry and as athletic coach. Mr. Ludwig, who is teaching this year at Freedom, was engaged for \$1,500 a year. He is an addition to the high school staff and will handle freshman work due to the increase in attendance.

Miss Florence Kohn, supervisor of music, has been granted a few days to consider. At the meeting of the board of education Monday evening the president and secretary were authorized to sign the contracts of the teachers here mentioned.

Junior high school mentors will include Mrs. Leona L. Hale, supervisor of the grades; J. J. Haass, principal of the junior high; Myrtle Rock and Roberta Corcoran.

Nicolet school teachers for next term will be Grace Murphy, fifth grade; Thelma Durkee, kindergarten; Rose Phillips, second grade; Martha Haas, first grade. Teachers still must be secured for the third, fourth and sixth grades. Those who will return to Park school will be Helen Johnson, kindergarten; Grace Raught, first grade; Martha VanAble, second grade; Martha Buelow, third grade; Anna Boehm, fourth grade; Onita Kuder, fifth grade; and Lottie Kuder, sixth grade. Maude McGinty will return as head of the school for deaf children and those with defective speech.

Whoozit Contest

Little Miss Germaine Tennie who lives at 660 Story-st may be a great artist some day. This 10-year-old little girl submitted a sketch of William Howard Taft, chief justice of the Supreme court of the United States, which is startling in its likeness of the celebrated man. Her excellent work wins for her the \$1 prize offered by the editor of the Whoozit contest for the best completed drawing of the sketch of Judge Taft printed last Monday.

Miss Tennie drew in the missing features with great care and skill and her work was neatly done. There were a number of other very excellent drawings, any one of which might have won the prize but for the excellence of Miss Tennie's work.

Today another picture of a prominent man is printed and youthful readers of the Post-Crescent are invited to guess his identity, fill in the missing features and submit the completed picture to the Whoozit Editor of the Post-Crescent before next Saturday night. The winner will be announced on Monday, June 9, when another sketch will be printed.

You shouldn't have any difficulty in guessing the identity of this man although his name and face isn't quite as familiar as some of the sketches printed heretofore. He belongs to the class of men who usually are regarded with a lot of awe and who are surrounded by a halo of dignity. He has a son who is extremely popular with men and women but who has hard luck when he goes horseback riding.

This contest is open to boys and girls of 16 years and under. Fill out the coupon printed with the sketch and send the completed drawing to the Whoozit contest editor of the Post-Crescent. You will have lots of fun and perhaps win the dollar prize.

FINISH LANDSCAPE WORK AT WOOD PRODUCTS PLANT

Appleton Wood Products company has completed considerable landscape work on its grounds at Appleton Junction which in a very short time will make it a beautiful spot. The walks and driveways which are a few inches lower than the rest of the grounds are bordered with bowdiers, and the depressions have been leveled and the grounds planted with grass seed and shrubbery. Flower beds also have been provided.

Hummel and the Misses Edith Asels and Martha Kneupple, all of Wausau, autoed to Keshena Falls and spent the day.

Louis and Robert Gerhard of Milwaukee spent Friday at the home of their parents.

Mr. and Mrs. R. G. Sawyer of Shiogton, visited friends here Sunday.

EXPECT 1,000 AT U. C. T. STATE MEETING IN CITY

First Meeting of United Commercial Travelers Is Held This Morning

(Continued from page 1)

At 1:30 Thursday afternoon for business sessions. At 2:30 delegates of the ritualistic auxiliary met at Odd Fellow hall and at 2 o'clock there was an automobile ride for the ladies.

RANQUET TONIGHT

Thursday evening's program includes a banquet at 5 o'clock at Elk hall, exemplification of the ritual by the Superior council at Odd Fellow hall at 8 o'clock. A theater party will be given for the ladies who are not members of the auxiliary.

The ladies auxiliary ritual will be exemplified by the Milwaukee auxiliary at Odd Fellow hall at 8 o'clock and a musical program will follow the work.

Both the grand council and the ladies auxiliary will go into session at 8:30 Friday morning. Women who are not attending the sessions will be taken for an automobile ride at 9:45.

The afternoon program includes a grand council session at 1:30 at which officers will be elected and the next convention city selected. Ladies reception and program at Elk club at 2:30 and the parade at 4:15. Secretaries and treasurers of the councils will meet at 6:30 Friday evening for a conference and at 8:30 there will be a dance in the armory. The convention closes with the final sessions of the grand council and the ladies auxiliary at 9 o'clock Friday evening.

It is understood that Wausau and Marinette are bidding for the 1925 convention. Other cities also are expected to put in their bids when the time for selecting the convention city arrives.

Entertains J. L. D. Club Lenore Braeger entertained the J. L. D. club Tuesday evening at her home, 1023 North Division-st. The evening was spent in playing dice. The prizes were won by Miss Alma Tucheher and Miss Lottie Leisen. Miss Leisen will entertain the club next Tuesday at her home, 635 State-st.

City Pioneer Was 93 Years Old Tuesday

John Fellion, who lives at the home of his daughter, Mrs. Ernest Stark, 1195 Lorraine-st., celebrated his ninety-third birthday anniversary on Tuesday. Mr. Fellion is one of the earliest settlers in this part of the country having lived here since 1849, a period of 75 years.

The aged gentleman is in good health although he has not been able to get around as much of late. Mrs. Henry Heller also is a daughter of Mr. Fellion. He has two daughters and a son in Chicago and one son in California.

DEATHS

CHARLES RITTER

Charles Ritter, 79, died Wednesday afternoon. He is survived by four sons, George, Madison, John, and McGregory, N. D., and Fred and Herman of Appleton. The funeral will be at 1:30 Friday afternoon from the Beyer funeral home. The Rev. R. B. Ziesemer will be in charge. Interment is to be made in Bovina cemetery.

JOHN VAN OUYEN

John VanOuyen 55, died suddenly about 12:30 Thursday afternoon while making repairs on his automobile in the yards of Appleton Coated Paper company. Heart disease is ascribed as the cause.

Mr. VanOuyen conducted a farm in the town of Grand Chute for a number of years and moved to Appleton about six years ago. His home was at 259 Carver-st. He had worked at

DRIVERS AVOIDING GREEN BAY DETOUR

Autoists found a way to avoid the unsatisfactory detour on highway 15 between Kaukauna and Green Bay by going around only that portion of the road where the construction crew is at work on the widening.

Drivers continue on highway 15 out of Kaukauna until they reach the sharp curve turn beyond McCarthy crossing. Here they take the road directly north instead of making the turn on the concrete and proceed that way to the cross road that leads east to Silderville. They then turn to the right and find themselves back at highway 15 at the Silderville cheese factory.

The workmen are stationed just west of Silderville and it will take them perhaps two weeks to reach the sharp turn north of McCarthy crossing, and this short detour therefore may be used for some time.

BIRTHS

A son was born May 29 at St. Elizabeth hospital to Mr. and Mrs. Floyd Hardiser, 366 Pacific-st.

the paper company's plant for about two years and was using his spare time during the noon hour to repair his car. He fell over while thus engaged and died within a few moments.

Mr. VanOuyen is survived by his widow and one daughter, Mrs. B. Ziesendorf, Green Bay.

Funeral arrangements have not been announced.

Brighton Opens Tonite.

THIS BABY BOASTS ITSELF CHAMPION OF TOOTH CUTTERS

A son born May 23 to Mr. and Mrs. Percy Blount of Grand Chute, will proclaim the teeth cutting championship of this locality as soon as he learns to talk. The child had one tooth at birth and has begun cutting a second one.

Mrs. N. C. Brantmeier and daughter, Joyce Betty of Milwaukee, are visiting the former's sister, Mrs. Michael Wagner, 400 Story-st.

Out-of-town guests that visited Mr. and Mrs. Henry Hegner, 1224 Second-st., Sunday were Mr. and Mrs. Herman Tesch, Mr. and Mrs. John Beske, Mr. and Mrs. Hugo Tesch, Mr. and Mrs. William Jackson, Milwaukee; Mr. and Mrs. Erwin Tesch and children, Two Rivers; Mr. and Mrs. Richard Tesch and children, Five Corners; Mr. and Mrs. Henry Tesch and family, Mr. and Mrs. Arthur Tesch and family, Mrs. Mary Tesch, Mr. and Mrs. Fred Hartwig, Mr. and Mrs. P. J. Graham, Seymour; Mr. and Mrs. George Ulrich, Oshkosh.

O. P. Schaefer has started construction of a new summer home on the lake front of his farm at Lake Winnebago.

OPEN BIDS FOR WATER PLANT AT KIMBERLY

Bids for the new waterworks plant at Kimberly were opened Wednesday evening at the village hall. Separate bids were called for the drilling of the well, pumping station, steel tank of 180,000 gallons capacity and support or standpipe, excavation, reservoir, laying of water mains and material. In all it was estimated there was between 40 and 50 bids. No action will be taken until their tabulation which will require several days.

The village sold its \$75,000 municipal bond issue to the Second Ward Security bank of Milwaukee at a slight premium and accrued interest. The bonds can be used for general municipal purposes.

Meeting Called Off
Owing to the absence of several of its members, the police and fire commission did not meet on Wednesday evening, as scheduled. It is, however, subject to call by the president.

The class in the study of occupations at Appleton vocational school was taken through the printing department of Appleton Post-Crescent Wednesday. E. M. Laitala is instructor of this class.

GOITRE REMOVED

For Dayton Lady Four Years Ago. Never Bothered Since. A Liniment Did It.

Mrs. Louise Will, 228 Gettysburg-ave., Dayton, Ohio, says she will tell or write how in two days she commenced getting relief from goitre by using Sorbol-Quadruple, a stainless liniment.

Sold by all drug stores, or from Sorbol Company, Mechanicsburg, Ohio. Locally at Voigt Drug Co. adv.

Gift-making Made Easy

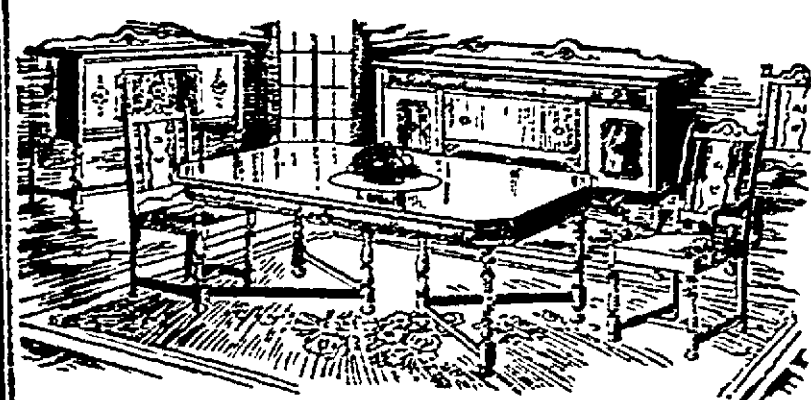

NOW that you have the invitation to that wedding, of course you may worry and fret as to just what you will send. There are hundreds of beautiful things you could send. There is always the question—Will it be appreciated? What you select may not fit in with the bride's plans—it may not go with the rest of her furnishings. The more you worry, the more tangled it all becomes. Sterling Silver goes with anything. One can't have too much of it. It is something that won't be lost or broken. She will have it always to cherish.

Most likely after all your fretting and worrying you'll decide on Solid Silver anyway—for silver is truly the ever-appropriate gift—but it must be Sterling.

During National Silver Week, June 2 to 7 inclusive, we invite you to visit our display of silver of all kinds and for all occasions. Whether or not you wish to purchase any silver at this time, we believe that you will find it interesting and attractive.

The same number of candles...

have burned on Mrs. Brown's birthday cake for the last eight years. But as Mrs. Brown looks and feels at least eight years younger than she is, the candles really tell a truer story than the calendar.

And one of the reasons why Mrs. Brown has kept young is that she has long since stopped doing her own washing. Our "Damp Wash" service has been taken the place of her washtub, and now instead of a hard day's work washing she has an extra day a week for staying young. And neither Mr. Brown nor Mrs. Brown need economize to pay the few cents a pound which our "Damp Wash" service costs.

May we have a trial bundle this week from you?

ZUEHLKE STUDIES VOTE ON HOLIDAY FOR MAIL CARRIERS

Announcement on Result of
Referendum Vote Will Be
Made by Postmaster

An announcement on the outcome of the popular vote on the matter of granting Saturday half-holidays to Appleton mail carriers during the summer months, and the decision on the basis of this expressed sentiment will be made the latter part of the week.

In answer to a criticism made in some quarters relative to the failure of the postal department to grant a Saturday half-holiday all the year round, Postmaster W. H. Zuehlke said that no postmaster in the country has authority to make such an arrangement. The postmaster-general alone can order a Saturday half-holiday for a whole year, and if such an order were issued, it probably would have to be accompanied by an additional appropriation to relieve the congestion of mails that would result at week-ends.

Permission to grant Saturday half-holidays during the summer months has been granted by the postmaster-general because of the slack in postal business during this period. Postmasters were instructed to ascertain the sentiment of the public first before granting any half-holidays. Abuse of this order by several postmasters who have been extending the time allowed by the postmaster-general resulted in the issuance of a bulletin that if postmasters did not abide by the ruling, the entire order would be revoked. The period allowed by the postmaster-general for the half-holidays is between June 14 and September 13 of each year.

MEYER WILL BUILD ONEIDA-ST BLOCK

Contract Awarded by S. A.
Whedon Calls for Com-
pletion in 60 Days

C. R. Meyer & Sons Co. of Oshkosh, was awarded the contract Wednesday for the new store building which S. A. Whedon will erect on Oneida-st between the former Schlitz drug store and Conway hotel. Excavation will be started at once and the building is to be completed in 60 days.

The 2-story frame building which stood on the site has been razed by Gregory Schindler, removing one of

State Officers Of Commercial Travelers

These men, state officers of the United Commercial Travelers, are in charge of the grand council sessions which opened here today. J. T. Dolan, Superior, grand counselor of the organization is the presiding officer. Reading from left to right, the officers are: Top row—J. T. Dolan, Superior, grand counselor; Frank Nolte, Oshkosh, grand junior counselor; L. G. Everson, Milwaukee, grand secretary; F. J. Craig, Green Bay, grand conductor. Bottom row—C. D. Richards, Milwaukee, grand page; Carl E. Skow, Racine, grand sentinel; C. H. Collins, LaCrosse, past grand counselor; L. M. Dickert, Madison, grand treasurer.

the oldest business places in the city. The timbers used in its construction were hand hewn as was the custom in early days.

Concrete and brick construction of a fireproof type will be used in the new building, according to the plans.

It will be two stories in height with four stores on the first floor and three on the second. The front will be of terra cotta.

Remodeling of the lower floor of the corner building vacated by Schlitz Bros. has been started. The rear 15

feet will be converted into another store facing on Oneida-st and adjoining the new building.

Bartel Brothers are building an automobile garage on their farm on the Brickyard-rd. A new house will be built later.

INVITE APPLETON TO CONFERENCE ON SEWAGE DISPOSAL

Hammond, Ind., Leading Fight
to Stop Pollution of Lake
Michigan

An invitation to send two delegates to Hammond, Ind., where a conference on sewage disposal will be held on June 27 and 28 was extended to the city of Appleton, through Mayor John Goodland, Jr., Thursday morning by Louis Edelstein and B. J. Dwirsky, who have been delegated by the Hammond Chamber of Commerce to visit cities on Lake Michigan and on tributary streams to present personal invitations to this conference.

Hammond is making an effort to avoid pollution of Lake Michigan from which it gets its water supply. The city has established a sewage disposal plant but the lake is being contaminated by other cities which are dumping directly into the water.

The conference will be addressed by men nationally known for their knowledge of sewage disposals. It is probable several plans for disposing of sewage without dumping it into the rivers and lakes will be discussed.

Whether Appleton will send delegates to the Hammond meeting probably will be determined by the common council at its next meeting.

ber of deputies will consider a bill sponsored by the leader of the Radical party and reading as follows: "The Chamber invites the indemnity to the ushers, office boys and clerks in governmental stores and ministries, permitting them to buy their working shoes at the expense of the state."

Bunion Pains Go

Bunions—what a world of pain! Bunions—those aching, crippling, ageing deformities—are now needless. Get rid of the pain and reduce the swelling in a jiffy with

Jiffy Bunion Plasters

"LOURDES OF AMERICA" WILL BE BUILT AT PORTLAND

The new Sanctuary of Our Sorrowful Mother in Portland, Ore., is expected to become the "Lourdes of America." It is being erected by the Servite Fathers at a cost of \$5,000,000. Pope Pius has approved the plans.

(Copyright, Harris & Ewing.)

Scene at head of narcotics division, Washington, D. C., when \$750,000 worth of drugs, seized by federal agents, in every part of the country were burned. Colonel O. G. Forrer, and assistants are supervising the dope fire.

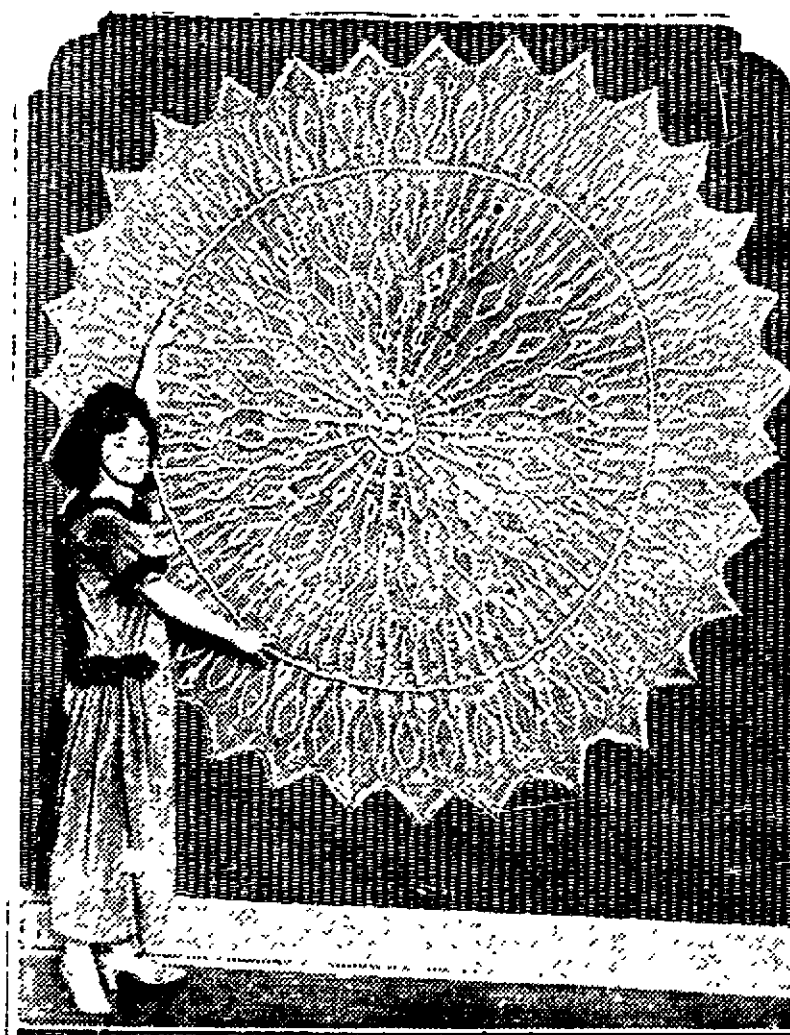

For the first time since Ramsey MacDonald became England's "labor premier" he was guest at Windsor Castle recently. In this remarkable news picture the King and the Labor choice are shown walking side by side. At the left is Queen Mary, then King George, Mrs. Randall Churchill is walking beside the premier while, at extreme right is Frank B. Kellogg, American ambassador, to complete this very "democratic" group.

A princess likes to examine the quality of the goods she chooses, as well as any other woman. Princess Mary of England snapped looking over dress cloth at a private showing given for her at the Wembley British Empire Exposition.

Charles Sims, noted British artist whose recent painting of King George has started a storm of criticism. It is held by many critics that the portrait makes the ruler look like a weakling.

Madeline Phipps, Washington, D. C. claims the crocheted needle marathon prize. In 30 months she turned out this crocheted masterpiece which consumed 15 miles of linen thread. She values it at \$1,000.

Mrs. Mabel Phillipson, one of the pioneer women members of Britain's parliament, photographed upon her farm to which she will retire with the next general election. Her husband will be a candidate to succeed her. Mrs. Phillipson finds she needs to devote more time to raising children, pigs and crops.

The "flying countess" she is called—the Countess of Kinnoull, a prominent social figure in London, is seeking a pilot's license and is here shown getting instructions in flying.

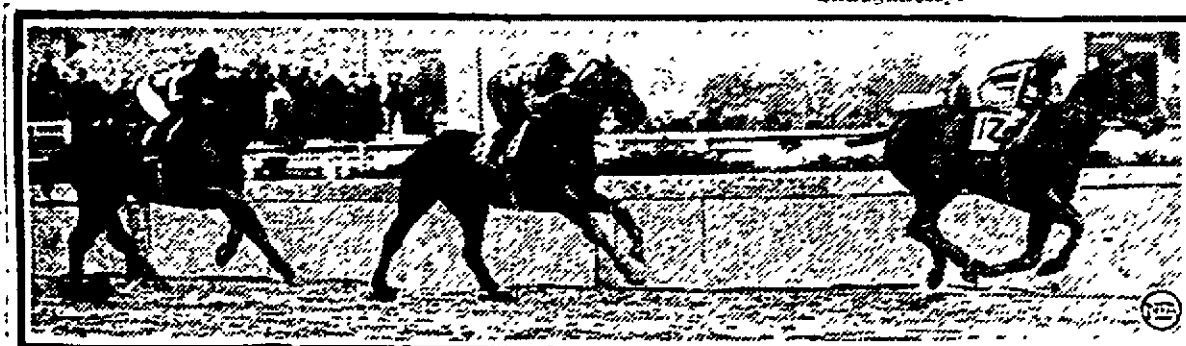

Mrs. Florence Kling Harding, widow of the late president, pictured at the cornerstone laying ceremonies at Warren Harding High School, Bridgeport, Conn. Mrs. Harding is shown getting a silver trowel from little Vera Shaughnessy.

Sophomore girls at Vassar selected to carry the historic daisy chain at the commencement exercises. They are, left to right: Margaret Walker of Muskegon, Mich.; Elizabeth Morrill, Concord, N. H.; Mary Alice Helsey, Monclair, N. J.; Mary Conover, Kansas City, Mo.; Nancy Lee of London.

A gun-toting wife made it possible for Howard Keavin to become "hero" of one of the most daring jail breaks since the career of Roy Gardner ended. Held in the Canandaigua, N. Y., jail for the murder of a policeman, Keavin was visited by his wife and her sister, who drew revolvers upon the jail guard and made their escape with the prisoner.

Nellie Moore, 3-year-old filly owned by Bud Fisher, cartoonist, surprises the crowds by winning the \$50,000 Peckness classic in Maryland. The filly had not been looked upon as a good bet, but is shown here safely ahead of Transmute, the Whitney entry, and Mad Play, owned by Harry Sinclair.

Mrs. Anna Jarvis, Philadelphia, originator of International Mothers' Day, photographed at Boston at the Mother's Day celebration where she was official guest.

Here's one way of keeping the good speaker short, parents find. It's the radio, and baby's name is Emma. She may know nothing of radio but she is certainly a piper.

The schools all closed for the day and New Orleans turned out en masse to greet Mrs. Fannie McDonogh Leister of Tiffin, O., when she arrived. It was an amazing tribute to the great-grandniece of John McDonogh, founder of New Orleans' public school system. Years before McDonogh had come down from the north, made his fortune in the southland, and on his death left his millions for the erection of 21 public schools. Here are school children, wearing costumes of McDonogh's day, greeting Mrs. Leister.

First they were them rolled down. Then came half hose, and this season it's no stockings at all at Atlantic seaboard resorts. Already summer girls have appeared with unclad ankles, and these young ladies were found "minus" on the Coney Island boardwalk. They are Ethel Lang and Helen Nielson.

Death of a brother turned Ralph Evans from a \$16-a-week dustman in a big New York hotel into a wealthy man. Evans says he is so accustomed to hotel lobbies that he'll invest his money in the hotel business.

SENATE OIL REPORT CHARGES FLAGRANT DISREGARD OF LAW

Harding's Executive Order Is
Held Illegal in
Findings

(Continued from page 1.)

der the circumstances," it continued. "Without a sense of obligation to the lender, which unless his character was cast in heroic mold would be revealed in subsequent official transactions with him.

Discussing the leases as "bar-gains," the report declared that the lease under which "the government receives 6 per cent of the oil in the ground and the lessee gets 94" cannot possibly be in the interest of justice to the government.

SETTLES WITH SINCLAIR
Discussing in more detail the evidence relating to Sinclair's elimination of other claimants from Teapot Dome, the report related how Leo Stack of Denver associated himself with E. L. Doheny in 1920 in an effort to secure lease of some offset wells along the boundary of the reserve, and how Stack later made an arrangement with the Pioneer Oil Co., which in turn made a settlement with Sinclair.

On the question of the danger of drainage, the report stated that among geologists there was not difference of opinion that drainage was possible between the Teapot Dome reserve and the Salt Creek oil fields although the extent and seriousness of the drainage was in dispute. Drainage to an appreciable and serious extent was occurring upon the two naval reserves in California, it was added.

President Harding was criticized for signing the executive order transferring the title to the government "documentary support of any kind" for his action. The department of justice also was declared to have failed to "diligently assert and maintain the government's title to Section 28 within the confines of naval reserve No. 1 in California," the report stating that had this been done, and three other sections properly protected the problem of drainage of that reserve would have been "relatively simple."

EUGENE CAMPBELL DEAD OF APOPLEXY

Well Known Appleton Man Dies
Suddenly During Night
at Waites Home

Eugene E. Campbell, about 72, one of the best known of the older residents of Appleton, was found dead on the floor of his room at the home of Mr. and Mrs. John Waites, 544 State st., Thursday morning. Dr. W. C. Felton, city physician, said death was due to apoplexy.

Mr. Campbell had made his home with the Waites since last September. Before that he had lived for several years with Mr. and Mrs. George P. McGillan, 781 Franklin st.

Mr. Campbell's body was found when Mrs. Waites, alarmed because he did not come to his breakfast at his usual hour, went to his room. When she did not receive a response to her knocks on the door, she went in the room and found Campbell dead on the floor. One side of his face was bruised, indicating that he fell out of bed or fell when he got up. Dr. Felton was called and an examination revealed that apoplexy was the cause of death. The body has been conveyed to N. C. Schommer and Sons undertaking establishment where it will be held until relatives decide on its disposition.

Mr. Campbell was about 72 years old. He was born in Waukesha, Wis., where he spent the greater part of his life. He came to Appleton 20 years ago and for several years was employed by Sullivan Bros. in the building of cement sidewalks. In company with the late N. E. Morgan he purchased the cement works at Appleton Junction previously operated by John Driscoll. The firm was known as Morgan & Campbell, later as Campbell and Guenther, and was

in existence until Mr. Campbell retired from business a few months ago. Mr. Campbell is survived by a sister, Miss Mary Campbell of Menominee Falls, Wis., and a brother, Hugh Campbell of St. Paul. He was a member of the Knights of Columbus, Elks, and Holy Name society of St. Mary church. About a year ago he went to Elroy where he was taken ill and was in a hospital for several months. He never fully recovered from his illness and upon his return to Appleton his health continued to fall. He was able to be about, however, and visited the Elks club as late as Wednesday evening. He returned to his room about 8:30.

CITIZENSHIP TEST WILL BE GIVEN 25 IN EVENING CLASS

Danielson Will Conduct Examination Preparatory to Court Ceremony

Twenty-five of those who are to receive their citizenship papers at the hearing before Judge Edgar V. Werner in circuit court on Thursday, June 12, will be examined by George N. Danielson, United States naturalization examiner, at the vocational school at 7:30 Saturday evening of this week.

These 25 people have completed a course in citizenship in the evening classes of the vocational school under instruction by Attorney Edwin S. Godfrey. If they pass this test satisfactorily they will not be required to submit to further examination at the courthouse. Their certificate will be presented at the hearing on June 12.

Eight nationalities are represented in the class which has been learning the principles of local, state and national government and the requirements for being a citizen of the United States. There are nine who are natives of Germany, two from Austria, eight from Holland, one each from Russia, Denmark and Poland, three from Greece and two from Bohemia. One has been in this country since 1892 and several others for long periods. Quite a number came to America after war broke out in Europe, and several since that time.

These people have attended classes regularly two evenings a week for eight weeks at the vocational school and have exhibited a marked eagerness to learn those things which will make them citizens. Each was provided with a card, and the course by Mr. Godfrey, at its completion.

Members of the class are: Robert V. Pakarke, Adolph W. Kersten, Fred Thompson, Martin J. Spazy, Carl A. Bulk, Mrs. Helen Reup, Edward P. Googaard, Martin Yankoy, Theodore Paeth, John A. Kathagen, Mrs. Petronella Vander Loop-Smits, Martinus Vanden Wynngaard, Nikolaos Vamatias, Gertrude Anna, Roger, Miss Gressen, Wolf Gang, Dumas, Stephen, Dumenko, Wladislaw, Kurt Max Haertel, William Schmitz, Theodore E. Xistis, John Honus, Rudolph H. Herraus, Paul Gostas and Oscar Friedeman.

ON THE SCREEN

J. WARREN KERRIGAN IN "THE GREEN FLAME"

Sex problem and vampire plays have their vogue now and then, but for a theme of universal interest at all times, there is nothing like an absorbing mystery, with a great detective for a hero and a beautiful, but persecuted, girl for a heroine. Of all detective dramas of recent years none has proven more successful than "The Green Flame," the pictured version of which will be shown at the New Bijou Friday and Saturday with J. Warren Kerrigan star of "The Covered Wagon" and his own company of favorite players.

It is a mystery detective story that holds its suspense until the very end and is filled with action and mystery. It centers around the theft of a valuable jewel called "The Green Flame."

The great difference between "The Green Flame" and the general run of detective plays lies in the fact that this is the only drama in which the real science of modern detection is depicted. Instead of gun-shooting around in very false whiskers and other obvious disguises common to the usual detective of fiction, the hero of "The Green Flame" employs such scientific instruments as the photograph and finger-print photography, and trails his prey in the up-to-date manner of such real detectives as William Burns.

JACKIE ENTERS BUILDING GAME!

Jackie Coogan has just broken ground for his new business block in Los Angeles. But the fact that the building is going to cost him more than \$100,000 doesn't seem to interest the child movie prodigy half so much as manipulating the steam shovel. It is Jackie's first pretentious investment.

featured at the Elgie theatre on Thursday, Friday and Saturday, tourists as well as residents of Culver City, California, viewed a sudden growth of their fair city which considerably enlarged the community and threw a new skyline of strange buildings upon the horizon.

Marshall Neilan had erected, for his photoplay, an entire Russian village, from the white church at the top of the hill to the vodka joint at the foot. The village came into being quickly and soon presented the appearance of a busy peasant town, where only a few weeks before there appeared rolling wheatfields. "Little Siberia," as Neilan's town has been named, is still standing, and is to be used as a permanent Russian location village for future Goldwyn productions.

Harry Oliver, noted artist-architect, had charge of the construction of the village. His assistants were all windows and doors, and banded with dirt, comprise most of the dwellings. The two fine houses of the village are of cement blocks, painted dark Russian red. The "government house," where the Czar stayed in passing through the town is the most decorative building in the village, with the two black and white striped guard boxes before the entrance. A crude cossack sentinal post stands close by, with the customary bale of hay in the crow's nest to be set afire in signaling danger. Dwarfed willows and wattle fences add to the Russian atmosphere.

Conrad Nagel, Lucille Rickson, Sydney Chaplin, Elmo Lincoln, Eugene Besserer, Emmett Corrigan, and R. O. Pennell, impersonating the Czar, enacted some of the most dramatic moments of the story before the vodka joint, the government house and the church.

A. A. L. WILL HEAR ABOUT HEADHUNTERS

Dr. John Denyes Will Speak at Branch Meeting About Entry into Borneo

How the headhunters of Borneo acted when the first American missionary arrived there will be told to members of branch No. 485, Aid Association for Lutherans by Dr. John Denyes of Lawrence college in his address at the monthly meeting at Mount Olive Lutheran church Friday evening. All members of the congregation have been invited.

Dr. Denyes himself was the first American missionary to go among the headhunters, and his lecture will be an illustrated one on "Borneo." The views which he shows will be some that he obtained during 20 years of work there under the Methodist denomination.

Progress which these barbaric people made both in civilization and christianity will be shown by the speaker.

June 8. They will leave the trades and labor hall at 7:30 in the morning. A chicken dinner will be served at noon and a fish fry in the evening.

START THIS MONTH ON DRAINAGE DITCH

Work will be started about June 25 on the drainage project in the town of Deer Creek, Outagamie-co. and Bear Creek, Waupaca-co. The contract has been awarded to John Corbett of Babcock, whose bid was 10 1/2 cents a cubic yard for dirt excavation, and \$2 a yard for rock. The work is to be completed by Dec. 15. This new ditch will provide drainage for about 3,000 acres in the vicinity of Deer Creek. It also will stop the annual flooding of a trunk highway leading into the village.

Picnic at Shawano
The barbers of Appleton, employers and employees, will hold their annual outing at Shawano lake Sunday.

OFFICIAL WARNING

Absolutely no foundation to rumor that Buick is being sued by competitor or that valve in head type of motor will be discontinued, says Buick President.

BUICK MOTOR COMPANY

DIVISION OF GENERAL MOTORS CORPORATION

FLINT MICHIGAN

OFFICE OF GENERAL MANAGER

May 1, 1924.

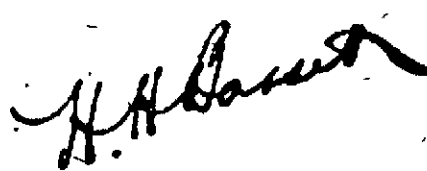

To Dealers and Customers:

While we realize that unfair methods employed by any company or individual will act as a boomerang and eventually retard prosperity of the originator, we feel called upon at this time to state that reports being circulated to the effect that the Buick Company has been sued by one of its competitors for patent infringements is absolutely untrue and without foundation in any way shape or manner.

As long as the buying public continues to appreciate our present design, as it certainly seems to, there is no intention on the part of this company to make any radical changes.

We feel that you are entitled to the above information as a contradiction to propaganda being circulated by competitors who desire to retard our sales. You can emphatically state that such reports are absolutely without any foundation whatsoever.

Very truly yours,

H.H.B.-o. President and General Manager.

BUICK MOTOR COMPANY

DIVISION OF GENERAL MOTORS CORPORATION

FLINT MICHIGAN

OFFICE OF GENERAL MANAGER

May 1, 1924.

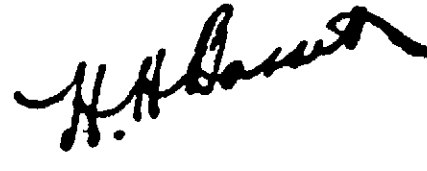

Mr. G. G. G. Peckham,
The Ohio Buick Company,
Cleveland, Ohio.

Dear George:

In reply to your inquiry of yesterday, there is absolutely no foundation whatsoever to the report being circulated that Buick is going to use an I Head engine.

Twenty years' experience with the valve in the head type motor has conclusively proven to us its great superiority in economy of operation, excess power over other types and long life with freedom from trouble. No, indeed! We shall never give up the great advantage we have enjoyed so long in this type of motor.

Very truly yours,

H.H.B.-o. President and General Manager.

The Studebaker Light-Six!

More are sold than of any other six in the thousand-dollar price class!

The World's Largest
Producer of
Quality Automobiles

More because—it is the sweetest, smoothest-running Six you ever drove. Its specially designed offset valve motor, its machined crankshaft, its four big crankshaft bearings, its perfectly precisioned cylinders, pistons and reciprocating parts are the reason.

More because—no other car in its price class shows such obvious indications of quality—genuine leather upholstery, a hand-tailored top and curtains, carefully selected details of equipment, lustrous baked enamel finish.

More because—its 40-horsepower motor, its correct gear ratio, its beautiful balance and low center of gravity, make it like lightning in the "get-away," never falling on a hill, and effortless under a full load on any reasonable road.

More because—it is backed by a great service organization, immediately and willingly accessible.

More because—its recognized used car value protects you with the lowest possible depreciation when you come to trade it in.

To prove its goodness by performance we will lend you a Light-Six any day this week—come in and ask for it.

ARRANGE SCHEDULE FOR CHILD WELFARE CAR TOUR IN COUNTY

Evening Clinics Will Be Held at
Hortonville and
Seymour

The route of travel and schedule of the Child Welfare Special, traveling clinic, which will visit Outagamie county next week, has been announced by Mrs. A. G. Meating, chairman of the county committee in charge of the health tour.

It has been arranged to have the white hospital automobile make six stops, all but two of which will be for two days at each place. On Monday, the first day of the tour, the special will be stationed in Shiocton. On Tuesday and Wednesday, June 10 and 11, it will serve the community of Hortonville. Thursday and Friday, June 12 and 13, Kimberly will have the special. On June 15 and 17 it will be stationed at Seymour, from where it will journey to Black Creek to serve that community on June 18 and 19, and conclude its tour June 20 at Bear Creek. The car then will move into Waupaca.

EVENING MEETING
It is expected that at least two of the places, Seymour and Hortonville, work will be done in the evening. Motion pictures will be shown, health talks will be given and free examinations will be made of children.

Mrs. Meating is chairman of the county committee and the following have been appointed as local chairmen: Mrs. F. O. Town, Shiocton; Miss Tena Buck, Hortonville; Mrs. M. H. Verbeten, Kimberly; Mrs. George F. Fiedler, Seymour; Mrs. Clyde Burdick, Black Creek; Mrs. Bessie Lendved, Bear Creek. The local chairman will appoint local committees to assist in arranging for families to take their children to the health special for free examination and advice.

The special is a traveling hospital, the only one in the United States, and will be in charge of Dr. Sylvia Stuessy, who has specialized in children's diseases and has examined thousands of children. Local doctors are cooperating, and Miss Marie Klein, recently appointed county nurse of this county will assist at the clinics.

Is Every Day a Backache Day?

LAME and aching in the morning? Tortured with backache all day long? No wonder one feels worn out and discouraged! Many folks give no thought to the kidneys. But weak kidneys often cause just such troubles, and one is likely to have headaches, too, with dizziness, stabbing pains, and kidney irregularities. Don't risk neglect! Use Doan's Pills — a stimulant diuretic to the kidneys. Doan's have helped thousands. Are endorsed here at home. Ask your neighbor!

HERE'S AN APPLETON CASE:
Mrs. A. Wherry, 538 State-st., says: "My back was sore and the continuous, dull pain made me nervous and irritable. My kidneys acted too freely and I had backache and dizzy spells. After using Doan's Kidney Pills I wasn't troubled any more with backache and my kidneys acted all right. My general health was improved."

Weather Balloonists Who Visited Here Are Killed

Dr. C. Leroy Meisinger and Lieut. James T. Neely, the two airmen whose balloon landed in a field near Navarino on April 25, were killed while on another balloon flight over Monticello, Ill., a few days ago. The men were engaged in weather observation work. Both men came to Appleton after packing their balloon equipment for shipment back to Scott field at Belleville, Ill. The men were sailing in the balloon S-4.

The following description of the tragedy was carried in some of the papers:
Monticello, Ill. — Thrown from a great height when their balloon, in which they were charting air currents, was struck by lightning, Dr. C. Leroy Meisinger, United States weather bureau expert from Washington, and Lieut. James T. Neely, a balloon pilot, Philadelphia, were killed, four miles south of Monticello. No one witnessed the accident which is believed to have occurred during a heavy rain and electrical storm.

The bodies of the two men were found by farmers of the vicinity who were passing through the field. Dr. Meisinger was thrown clear of the balloon and fell a mile from where

the bag, with Lieut. Neely's body entangled in the ropes, landed. Dr. Meisinger was one of the foremost meteorologists in this country. The balloon bag was burned and portions of the basket were charred. Radio and meteorological equipment was smashed.

For some time the two aviators had been engaged in testing air currents during storms and they had experienced many narrow escapes.

The last flight of the balloonists was undertaken for the purpose of preparing a chart of the air currents at an elevation of 1,000 feet. The balloon had left the flying field at Belleville, Ill., late Monday afternoon. When last seen it was traveling northeast.

Experts said lightning had struck the bag and caused an explosion of the gas within.

BEADED BAGS FOR SPORT WEAR
Beautiful Beaded Bags to match every frock you wear, color combinations of yellow, jade, orchid, black and white, red and crystal. Special at \$2.59 Friday at 9 A. M. GEENEN'S adv.

SPRING FANCIES

Senator Alva B. Adams of Colorado is a great nature lover. It is hard to catch him at his desk in the Senate office building these balmy spring days. Those who have business with him before the Senate convenes at noon are likely to find him strolling on the capitol grounds, admiring the year's first buds and blossoms.

SPEEDERS PAY BIG SUM INTO TREASURY

Speeders were the most frequent offenders to appear before Judge A. M. Spencer in municipal court last month. There were eight persons fined under the county speed ordinance and eight fined under the city ordinance. Two men were sentenced for disorderly conduct, two for resisting an officer, three for drunkenness, two for larceny, one for assault and battery and one for non-support.

Fines paid to the county treasurer last month amounted to \$138.80, while court costs and sheriff's fees amounted to \$80.13. The city of Appleton received \$80 in fines, and a total of \$45.55 was collected in officers' fees. The total receipts in the lower branch of the municipal court were \$350.73.

WARM WEATHER COLD
Warm weather, a wrap left off, a little violent exercise, some perspiration, a cool breeze, the result is a cold. Be prepared to check this cold with a few doses of the well-known FOLEY'S HONEY AND TAR COMPOUND. Best for coughs, colds, hoarseness, Benjamin Thomas, 712 West Lackawanna Ave., Scranton, Pa., writes: "Your HONEY AND TAR COMPOUND did me good, as I had a cold in my head and chest." Get a bottle today. Sold everywhere. adv.

Drunks Pay Fine
F. G. Bauernfield and Delbert Grunert of Appleton paid fines of \$10 each and cost in Neenah on Monday.

day after pleading guilty to charges involving drunkenness. John Schumacker of Appleton was arrested on a similar charge but failed to appear in court.

COUNCIL ACTS ON PLEA FOR CONTROL OF PLAYGROUNDS

Board of Public Works and
Park Board Will Discuss
Summer Supervision

Whether Appleton shall have organized playground supervision this summer will be discussed soon at a conference of the board of public works and the board of park commissioners.

This was decided by the common council at its meeting Wednesday evening after the subject of playground supervision had again been brought before that body by Attorney Homer Benton. Dr. G. A. Ritchie and Louis Bonini had addressed the council in behalf of the same project some time previous, but no action was taken.

Mr. Benton estimated that the cost of summer playground supervision would be about \$1,000, which as some understand it, would pay for three playground directors. Cost of equipment is not included, but very little equipment will be needed the first year, the council has been informed. Apparatus could be added to from year to year.

NEED MORE MONEY
The attorney said that the park commission was probably the proper body he should approach in this matter, since playgrounds are under the jurisdiction of this board. But the park board is not in a position to offer help, since its appropriation is too small this year for that purpose.

Mr. Benton therefore asked the council to appropriate another \$1,000 to be used by the park commission for playground supervision.

He called attention to the idleness among boys and girls during the three vacation months. He pointed to his own boyhood days which were spent on the farm and added that the rural districts do not have boy and girl problems that exist in the city. (When vacation days begin for the farmer boy, he spends them at work on the fields, but boys and girls in the city are prohibited by law from working.)

He mentioned playground supervision, adopted by city, as one more point of advantage for Appleton in its efforts to obtain first prize in state-wide Better Cities contest promoted by the Wisconsin Conference of Social Work.

MUST ACT SOON
Alderman C. D. Thompson declared that the matter is so pressing as to demand immediate attention, for colleges and universities are about to close and the desirable playground directors may not be available later. But since the park commission has made no recommendation to the council in the matter, Mr. Thompson suggested a conference between the board of public works and the park commission, the former to report to the council at the next meeting, June 13. Alderman L. O. Hansen amended the motion to have finance committee confer with the park commission, but the amendment was defeated by a vote of 7 to 5, and the original motion prevailed.

For the further expansion of the powers of the park commission, the common council Wednesday evening passed the ordinance introduced at the previous meeting for the creation of a single park system of all the

Only Friday, The 13th Will Occur In June

Horrors and rabbits foot will be in great demand throughout the country within a few days, it is believed. For June 13 will fall on a Friday, and the superstitious will throw up a barricade of lucky charms to ward off the evil spirits that will be abroad. It will be the only Friday the Thirtieth during the year 1924. Last year there were two such days, in April and July, and next year there will be three in February, March, and November.

BRIGHTON BEACH OPENS FOR SEASON ON THURSDAY

Brighton beach will open for the season Thursday with an extensive amusement program ahead for the summer. Charles Maloney, who has been connected with amusement entertainment enterprises in this locality for the last five years, has been engaged as amusement manager and intends to place his policy of strict dance hall conduct into effect.

Al Gabel's 5-piece orchestra will play in the dancing pavilion. The floor has been resurfaced and other improvements have been made. There will be dancing every evening except Monday. Feature dances are to be arranged occasionally.

The palm garden at the beach will be open every evening, with special entertainers.

Roads leading to the beach are being improved by the city of Menasha to accommodate the beach traffic.

park area in Appleton. It is understood that streets may also be annexed for parkway, boulevard and pleasure driving purposes.

There already is a demand for opening the municipal swimming pool. Mayor John Goodland, Jr., informed the council. Although some were of the impression that the pool should be under the direction of the park board, Alderman Thompson said that it was part of the waterworks plant and is not included in the park area. The public grounds and building committee was instructed to have the pool placed in proper condition for the summer, and Mayor Goodland was authorized to appoint a swimming pool director. Two applications, he said, are on file.

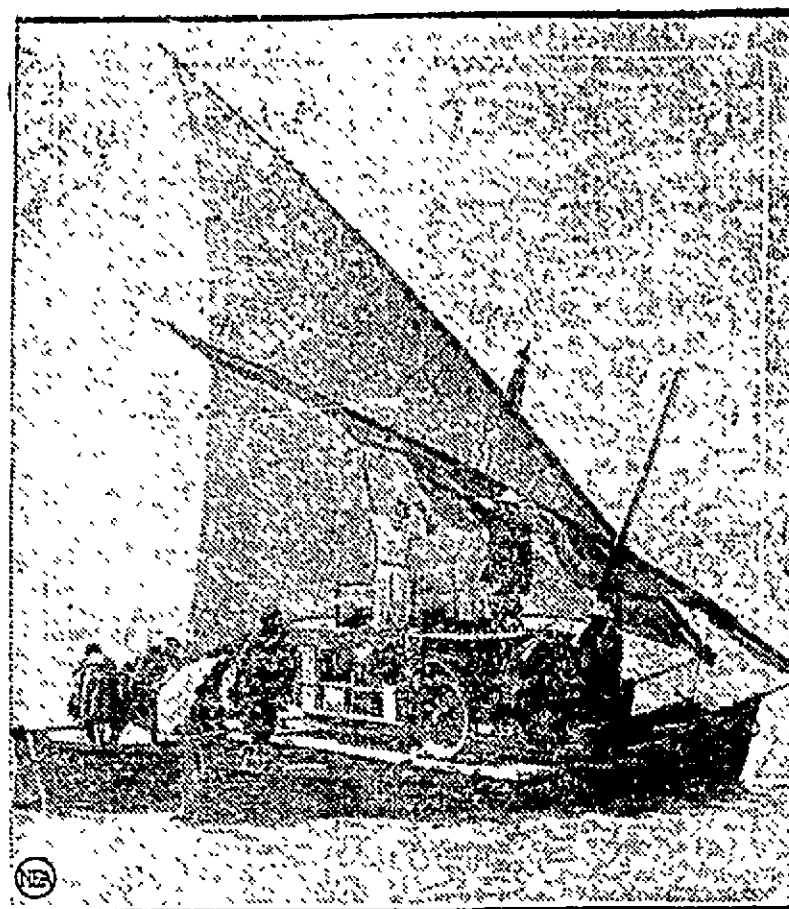

Poisoned Nerves Cause Neuritis

Neuritis or "nerve inflammation" often follows an attack of malarial poisoning, typhoid fever, pneumonia or some other infectious disease. The most frequent causes of the trouble, however, are colds, injuries, bruises or nervous exhaustion.

Neuritis may affect one nerve or it may involve many. In some cases the pain moves from place to place, but usually it is confined to the shoulder, neck, forearm, thigh, leg or small of the back.

Beware of drugs that relieve by deadening the nerves. Such relief is deceptive and dangerous. Eopa Neuritis Tablets act in a safe, natural way, helping to remove the inflammation and bring about permanent, lasting results. Go today and obtain a dollar bottle of these tablets. Sold in Appleton by Voigt's Drug Store and all other leading druggists. Boericke & Runyon Co., Mfrs., San Francisco. adv.

IT'S UP TO DATE IN AFRICA!

No gasoline engine propels this ferry. Men and wind furnish its motive power. It is the sort they use down on the Island of Djibouti, Tunisia, North Africa. Seidem is an auto-omobile carried across the bay, but it can be done.

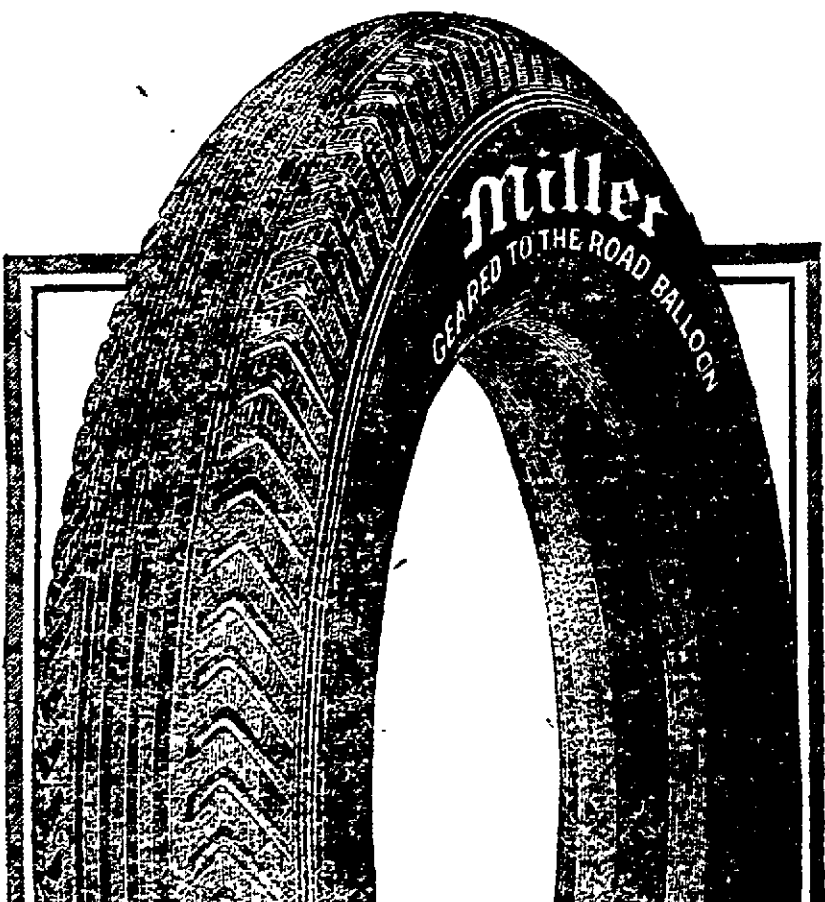

SEEK ROOMS FOR VISITORS AT U. C. T. CONVENTION

Any Appleton people who have rooms which will be available for delegates to the United Commercial Travelers grand council sessions, which opened Thursday morning are requested to telephone Edward M. Gorrow. Every effort is being made by the hotels committee of the convention which includes besides Mr. Gorrow, E. E. Dunn and R. C. Brett,

to find suitable accommodations for the visitors.

Strengthens Weak Eyes

Old fashioned camphor, witchhazel, hydraglyst, etc., as mixed in Lavoptik eye wash, strengthens eyes and relieves any case weak, strained or sore eyes. Acts surprisingly quick. Aluminum cup free. Voigt's Drug Store, 757 College Ave., in Black Creek by A. A. Gerl, druggist. adv.

C. C. ASKS REMLEY TO STATE MEETING

New Wisconsin Chamber Will
Be Formed at Gathering at
Stevens Point

A. C. Remley, president of the chamber of commerce, expects to represent that body at the meeting at Stevens Point Tuesday at which the tentative organization will be formed for the new state chamber of commerce.

Mr. Remley has received a letter from E. L. Philipp, former governor of Wisconsin and now president of Milwaukee Association of Commerce, asking that he be present to speak for the Appleton chamber in this move. Mr. Remley is planning to attend or send an alternate in case he cannot go at that time.

The conference will take place at the conclusion of the convention of the Wisconsin Association of Commercial Secretaries. Hugh G. Corbett, secretary of the Appleton chamber, will be present at both gatherings.

It is Mr. Philipp's plan to name tentative officers and appoint committees to prepare bylaws, financial plans and other details for presentation at a later conference when permanent organization will be carried out.

A. L. June Ball, Darboy, Mon., June 9. Dance 8 to 2. Gib Horst's.

DEBAUFER OIL COMPANY PLANS NEW BUILDINGS

Debauffer Oil company has the plans completed for its new plant at Appleton Junction and expects to commence building operations within the next few days. The first thing to be done is to remove several large oil tanks to the rear of its grounds in order to make room for the new building, which is to be erected between the present one and the side-walk on Outagamie-st.

Thin Men Skinny Men Run Down Men Nervous Men

You probably know that Cod Liver Oil is the greatest flesh producer in the world.

Because it contains more Vitamins than any food you can get.

You'll be glad to know that Cod Liver Oil comes in sugar-coated tablets now, so if you really want to put 10 or 20 pounds of real healthy flesh on your bones and feel well and strong ask Schlicht Bros., Downer's Drug Store or any druggist for a box of McCoy's Cod Liver Oil Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days. "Get McCoy's the original and genuine Cod Liver Oil Tablets." adv.

A PAGE OF INTEREST TO WOMEN

RECIPES

Idle Vases
Can Be Made
Into Lamps

Many women who own elaborate lamp bases store these away with the shades for the summer and replace them both with colorful, inexpensive vases which have been wired for electricity and equipped with imitation parchment shades or colored glass shades which are very much in vogue now and particularly good for summer use. Today it isn't necessary to have the vase drilled full of holes to render it more or less useless when it no longer serves as a lamp base, for there is a new three-pronged attachment which fits inside of the vase which may be bought with one, two or three lamp sockets. The cord hangs over any side and may be connected to any convenient outlet. The attachment may be removed any time without injury to the vase which then may be used for flowers or decorative purposes.

IMITATION PARCHMENT
Imitation parchment lamp shades are really very easy to make and are often even more effective than real expensive parchment and far better for beginner's experimentation. The materials required are a wire frame, water-color paper (the amount depending upon the number of shades one wishes to make), one bottle of turpentine, one of linseed oil and one of white shellac. Tubes of the desired color of paint and three varying sizes of paint brushes, together with whatever else one wishes to finish the shade, are necessary. Stencils may be purchased if one wishes a small design and is unable to do it in free-hand.

PROCESS IS SIMPLE
The water-color paper should be fastened to a table-top or any flat surface with thumb tacks. Then apply a mixture which is made of equal parts of turpentine and linseed oil in a rotary motion with a small wad of linen or other napless material. This should be applied about two or three times on each side of the paper or until it will not readily absorb more of the mixture. Then permit it to dry thoroughly. When it has finished drying, the background is rubbed in with the points of the desired colors. For the inside the colors which have the best reflective value should be used, such shades as gold, orange, warm yellow or soft pink. The outside may be treated in a same color, or a contrasting one which will blend with the other furnishings of the room. After this has dried the decoration is applied and finally the shade is shellacked.

When the shellac has dried the shade is cut and fitted around the frame, the ends are lapped over and glued and the edges sewed on to the frame and bound with silver, gold, or an appropriate color cord, to finish it off.

Household
Suggestions

RESTORES LEATHER
Leather-bound books may occasionally be dusted with a slightly oiled cloth to restore some of the oil which has dried out.

AIR CLOSETS
Closets should be frequently aired and there will be less difficulty about moth.

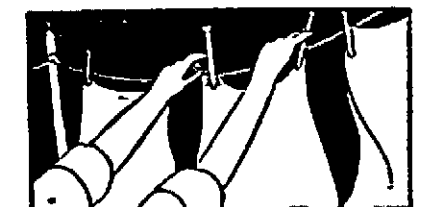

BRUSH-OUT DUST
Before attempting to clean a wool garment brush it to take off as much of the dirt as possible because wool

being rough holds a large amount of dust and this discolors the water in which you clean it.

PREVENTS TARNISH
After you have rubbed your brass knocker or candlesticks put olive oil or paraffin over and rub in with a cloth. This will prevent the tarnish from returning immediately.

DRY CLOTHES OUT
All white clothes should be dried

in the sun if possible as this helps to bleach and whiten them.

SCALD MILK BOTTLES
Always scald milk bottles and pans and air them after using.

LAUNDERING CORDUROY
Do not wring or iron corduroy after it is washed. When it is dry brush it with a soft brush.

WASH MILK BOTTLES
Milk bottles should always be washed off perfectly clean before they are put away in the refrigerator.

ADD VINEGAR
When you boil fish, put a little vinegar in the water and the meat will be firm and tender.

Simplicity Will Rule In
Bride's Trousseau

The smartest nightgowns instead of being frilly and frilly, take a hint from the tailored frocks and follow straight lines and simple effects. Three madonnas of white linen, embroidered in pink and edged in lace, form the only trimming on this model with its pressed-in pleats and square neckline.

On the right is a negligee any bride would find many opportunities to be charming in. It is so simple, too, that almost any inexperienced seamstress could make it. Just a straight slip of pink satin with black embroidery and wing draperies of pink chiffon. The sash is of orchid-moire and ties in the back.

Study Your Child If You
Would Train Him Right

BY JULIA WADE ABBOT
Child Psychologist, American Child Health Association
"Why do my children act that way?" Every mother asks herself this question many times a week. She does not realize that most of the naughty things her boys and girls do and, say are characteristic of childhood. Virtually every child passes through certain definite stages.

It is the mother's responsibility to recognize these stages and deal them correctly. You cannot train your child correctly until you understand him thoroughly.
When your boy came to you the other day with the wonderful tale of some impossible adventure, were you shocked? Did you accuse him of lying to you and punish him accordingly? Every child with an imagination loves to make up stories. He instinctively wanders from reality into a land of his own invention. Properly directed imagination can be one of the greatest forces in your child's life. Only you must differentiate between it and the lie that is designed to secure something the child wants.

It is easy to forget that you were ever young yourself. Perhaps you are constantly annoyed by things your children or your neighbor's children do. Yet they are acting as you acted a few years ago, in the perfectly natural, normal way for children.

You cannot judge them by adult standards. Children have thoughts and feelings, yet some parents fail to realize this. If they care for their child's body—feed him, clothe him, see that he gets the proper sleep, they think they have done their duty.

Child training must take account of the individual. No two children are alike and treatment which is applicable to one must be entirely changed for another. There can, therefore, be no correspondence course in the proper training of children.

Instead of learning a set of rules, parents must study child psychology and then apply it to the behavior

Good Manners

CARDS AFTER WEDDING

Cards are left with the mother of the bride after a wedding, also with the mother of the groom.

FASHION HINTS

LACE TRIMMED
Chiffon handkerchiefs daintily trimmed with real lace are shown for the bride and her maids.

LEATHER COLLARS
Leather collars and cuffs are very attractive in colors as well as white for linen, serge or jersey dresses.

LOTS OF BUTTONS
Buttons placed very close together and two or three rows deep are used on coats and coat frocks.

FALL COATS
Coats for fall upon which the designers are now busy lean to plaids and stripes.

SMART STYLE
The white satin or crepe frock worn with the straight black coat lined with white is very smart indeed.

BLUE VOILE
Summer dresses of madonna blue voile feature hemstitching and tiny ruffles as trimming.

COAT SUITS
Coat suits of cretonne printed in bold floral patterns are bound with ribbon or cire braid.

LINGERIE
Lingerie to match the frock is an expensive fad that is finding great favor in Paris.

EMBROIDERY
Embroidery is even much more frequently on frocks than on coats and is done in a very heavy silk or wool.

HAND-PAINTED
Hand-painted designs on white leather is a new style of trimming that is effective against a dark background.

WHITE COLLARS
Collars of white kid with erelets punched in to form conventional designs are used on tailored frocks.

DINNER GOWNS
For dinner gowns Paris is featuring black with a great deal of color introduced as facings, sashes or embroidery.

LONG TUNICS
Long tunics of white crepe over slips of lustrous black satin are usually accompanied by jackets of the satin with ermine or rabbit fur.

LETTER FROM JOHN ALDEN
PRESCOTT TO SYDNEY CARTON

When I finished my letter to you yesterday, old man, I did not expect to write to you again until I received an answer, but as you seem to be the only one to whom I can say anything when I want to get it out of my system, I must write about another inxup that has come to me.

It does seem that I am the most unfortunate man on earth. Just listen to this, Syd:

Two or three days ago our company got into a row with the billboard people of the town and they decided I was to make a complaint about the billboard that was put up just across from my apartment. I went to the city hall and made my complaint and the company had it exploited in the papers. You can imagine how I felt when I came home at night and found that billboard covered with an announcement that Paula Perier was going to make a personal appearance here. The whole town had its tongue in its cheek over it.

Why anyone should think that I was such a confounded fool as to ask to have that billboard taken down just on account of Paula Perier's name being on it is more than I can understand. Even the newspapers are making sly innuendoes in the matter, however, and I am ashamed to show my face on the street.

It is a topsy-turvy world, old man, from that which our fathers and mothers trod. Don't you remember how we have cried at the poor heroine on the stage "who pays and pays and pays?" Nowadays it isn't the girl who pays. It is the man. We certainly are having to pay for the sins of our fathers as well as our own in this age.

The Tangle

I do not believe the people who are gloating over my story or what they think of my story will be able to get in the theater where Paula Perier makes her first appearance here. I can't go out of town; I must face the music.

And here's another complication. My mother at last has come to her senses, and has very humbly and sweetly asked to have Leslie come to visit her. She has dismissed that impossible Bradford woman from her house. Leslie is perfectly willing to let bygones be bygones. "She has already made all preparations to take the baby and visit mother. She is preparing to start on the very day Paula Perier comes to town. Of course, the gossip will insist that Leslie left just because Paula Perier came, and the whole matter will be reshaped. Personally I don't care so much, but this controversy between Leslie and me has reached such a point that I do not want her to get mixed up in it.

I can't let Leslie go. Up to date, however, my mind has refused to invent any kind of plausible excuse that will keep her in town. I think I will just have to make her think I am going to prosecute Ruth if she leaves. That will certainly keep her at home.

Here is the queer part of human nature. Syden with all this hullabaloo I shall be glad to see Paula and talk to her. I want to tell her my side of the story, for Paula Perier is a good woman, I who know this better than even you.

Will write you the outcome, Syd. I feel better for just putting my thoughts on paper. JACK. (Copyright, 1924, NEA Service, Inc.)

TOMORROW: Secret letter of Leslie Prescott to Leslie Prescott—A disquieting thought.

SISTER MARY'S KITCHEN

(A Menu for the Stout and Thin)

EAT AND—

—Lose Weight—Gain Weight—

Four tablespoons stewed dried apricots, 1 slice lean cold boiled ham, 1 baked stuffed tomato, 2 slices vegetable salad, 1 head lettuce, 4 tablespoons lobster salad, 2 tablespoons prune whip, 1 toasted bran muffin, 2 thin slices rye bread, 1 gluten roll, 1 pint skimmed milk.

Total calories, 1201. Protein, 256; fat 376; carbohydrate, 539. Iron .0252

STUFFED TOMATOES (For Four)

Four medium sized tomatoes, 1 pound spinach, 1 egg, 1 tablespoon butter, 4 tablespoons grated cheese, salt and pepper.

Wash tomatoes, cut a slice from stem end and remove seeds. Wash and cook spinach in its own juice. Drain and chop. Strain tomato pulp to remove seeds and add juice to chopped spinach. Add egg slightly beaten, melted butter, salt and pepper. Mix well and fill tomatoes with mixture. Bake 20 minutes in a hot oven. Five minutes before removing from the oven sprinkle each tomato top with grated cheese. When cheese is melted, serve.

Total calories, 476. Protein, 52; fat 306; carbohydrate, 88. Iron .0164 gram

The lettuce should be used with the lobster. Use about 5 ounces. The lobster weighed about 4 ounces and 1 tablespoon lemon juice was the "dressing." Salt and pepper were also included in the seasoning.

Four tablespoons stewed dried apricots, 1 cup boiled rice, 2 ounces well cooked sausage, 3 cornmeal pancakes, 3 tablespoons maple syrup, 2 slices cold boiled ham, 4 tablespoons potato salad, 1 baked stuffed tomato, 2 tablespoons hollandaise sauce, 1 cup cream of mushroom soup, 2 slices vegetable roast, 1 whole candied sweet potato, 4 tablespoons lobster salad, 1 head lettuce, 2 tablespoons mayonnaise, 4 tablespoons prune whip sprinkled with 1 tablespoon chopped nuts, 2 tablespoons whipped cream, 2 tablespoons butter, 1 toasted bran muffin, 2 slices rye bread, 2 cup sugar, 1 tablespoon sugar, 2 slices whole wheat bread, 1 tablespoon marmalade, 1 pint whole milk.

LOBSTER SALAD (Individual)
Four ounces lobster meat, 1 hard boiled egg, heart of 1 head lettuce, mayonnaise to make moist, salt and pepper.

Slice hard boiled egg and combine with lobster, season with salt, pepper and mayonnaise and add enough mayonnaise to hold the mixture together, about 2 tablespoonsful. Add heart of lettuce cut in convenient pieces and put in a bowl lined with outside leaves of lettuce. Mash salad with mayonnaise, garnish with fancy slices of pickled beet and serve.

Total calories, 840. Protein, 316; fat 191; carbohydrate, 88. Iron .0022 gram. (Copyright, 1924, NEA Service, Inc.)

Adventures Of
The Twins

THE TIN MOUSE IS FOUND

The rest of the Doofunny people all stayed behind, while Nancy and Nick went off to find the tin mouse. The tin mouse had hidden some where because he knew he was guilty.

This was what he had done. He had jumped out and frightened the pin-cushion lady, and the pin-cushion lady had fallen on the wooden yard duck, and the wooden yard duck had such a start that he skidded twenty inches and frightened the tin soldier's horse, and the horse had shied and stepped on the peanut boy, breaking his nose.

There! I'm all out of breath. But you see how very guilty the mouse was. No wonder he hid.

Doofunny Land was almost empty, for all the people were waiting at the court house, except those who had duties at home that they just couldn't get away from.

The cuckoo was one. Just as the Twins were passing the clock where he lived, he peeped out. "Cuckoo! Cuckoo! Cuckoo!" he went three times.

"Hello!" cried Nick. "Hello!" said the Cuckoo. "What are you doing in Doofunny Land?" "Hiding the tin mouse. Did you see him?"

"No—not for a day or two. He always comes to see me regularly, runs up one of my wifines and pays me quite a visit. But he hasn't been here lately and I was wondering what was wrong."

"He's wanted at the court house for breaking the peanut boy's nose," said Nancy.

Woman Will Be
Governor, First
in United States

MRS. SOLEDAD C. CHACONA
Santa Fe, N. M.—The first woman governor of an American state will be Mrs. Soledad C. Chacona, secretary of state for New Mexico.

Lieutenant governor Baca died. When governor James F. Hinkle leaves New Mexico for the Democratic convention, Mrs. Chacona will become acting governor.

Skirts Wrap
Around Figure
Like Envelope

Skirts refuse to be neglected this season, and to assert their importance they develop a new trick. The new envelope skirt is so constructed as to fit any figure. A straight piece of material mounted on a narrow band allows a deep overlap for protection's sake on breezy days. On either side the band is slit, through which either end of the skirt is slipped either to button in place, or to tie in the center back. If buttons are used they merely are placed at the required position; while if the tie is chosen, no sewing is needed, as the ends fit the skirt to the figure. There are no gathers, as the skirt envelops the figure low on the hips.

Finely plaited skirts, especially those of silk crepe are in high favor. To be smart, the plait should come in clusters rather than in an all-round effect. Plaits are now steamed into the material and therefore last the season through. A plaited red crepe skirt at a smart resort was accompanied by a short sleeved white sweater bound in red silk braid. The sweater was slit mid-way down the front and buttoned at the throat.

WOMAN WEAK
DIZZY, FAINT

Found Relief in Taking Lydia E. Pinkham's Vegetable Compound. Always Recommends It.

Bridgeport, Connecticut—"I was completely run-down, had headaches, dizzy, faint feelings and other troubles women often have. As I had taken Lydia E. Pinkham's Vegetable Compound before, my husband said to take it again. I have now taken Lydia E. Pinkham's Blood Purifier, the Liver Pills, and six boxes of Lydia E. Pinkham's Vegetable Compound. About a week ago I am feeling very good now and shall continue taking them for a while. I have been telling my cousin about the medicine and she wants to take it, too. I always recommend it."—Mrs. HENRY C. SMITH, R. F. D. No. 3, Box 6, Bridgeport, Conn.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Smith's experience is but one of many.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 121,000 replies were received, and 98 percent reported they were benefited by its use. Forsale by druggists everywhere.

Pewter Again
Takes Place In
Home Crafts

(From International Studio.)
The present craze for "old things" has created a new interest in pewter. It is one of the crafts that belongs to those untroubled days when things were beautiful because their simple forms, though often fashioned from unpretentious materials, were shaped lovingly by hand. Though modest and reticent in their appeal, the soft silvery tones of these pewter pieces became harmonious details in a room, and not only were they of value because of their utility, but because they also possessed a distinctly decorative quality. For this latter asset old pieces are being sought today.

We are apt to think of pewter, however, as emanating from metals so lowly that they are only appropriately housed when seen in some old farmhouse, but as a matter of interest, pewter was made and used for ecclesiastical purposes even before it

was utilized for purely utilitarian objects. At this early time it was the exclusive property of the nobility. Gradually, however, the metal itself, having no intrinsic value was brought within the means of everyone, and all conceivable household utensils were fashioned from it. There were platters, bowls, forks, tankards, pitchers, spoons, mugs, lamps, candlesticks—indeed too many things to enumerate.

SO BIG

By Edna Ferber

(Continued from Our Last Issue)

She was sleepy now. The night air was deliciously soft and soothing. In her nostrils was the smell of the fields, of grass, dew-wet, of damp dust, of cattle; the pungent prick of goldenrod, and occasionally a scented waft that meant wild phlox in a nearby ditch. She sniffed all this gratefully, her mind and body curiously alert to sounds, scents, forms even, in the darkness. She had suffered much in the past week: had eaten and slept but little. Had known terror, bewilderment, agony, shock. Now she was relaxed, receptive, a little light-headed perhaps, but with underfeeding and tears and overwork. The racking process had cleared her brain and bowels; had washed her perceptions abnormally. Now she was like a delicate and sensitive electric instrument keyed to receive and register: vibrating to every ether wave.

She drove along in the dark, a drowsy farm woman in shapeless garments: just a bundle on the rickety seat of a decrepit truck wagon. The boy slept on his hard lumpy bed like the little vegetable that he was. The farm lights were out. The houses were blurs in the black. The lights of the city came nearer. She was thinking clearly, if disconnectedly, without bitterness, without reproach. "My father was wrong. He said that life was a great adventure—a fine show. He said the more things that happen to you the richer you are, even if they're not pleasant things. That's living, he said. No matter what happens to you, good or bad, it's just so much—what was that word he used?—so much—oh, yes—'velvet.' Just so much velvet. Well, it isn't true. He had brains, and charm, and knowledge and he died in a gambling house, shot while looking on at some one else who was to have been killed. Now we're on the cobblestones. Will Dirk wake up? My little So Big. No, he's asleep. Asleep on a pile of potato sacks because his mother thought that life was a grand adventure—a fine show—and that you took it as it came. A lie! I've taken it as it came and made the best of it. That isn't the way. You take the best, and make the most of it. Thirty-fifth Street, that was. Another hour and a half to reach the Haymarket. I'm not afraid. After all, you just sell your vegetables for what you can get. Well, it's going to be different with him. I mustn't call him So Big any more. He doesn't like it. Dirk. That's a fine name. Dirk DeJong. No drifts alone for him. I'll see that he starts with a plan, and follows it. He'll have every chance. Every chance. Too late for me, now, but he'll be different. Twenty-second Street. Twelfth. Look at all the people! I'm enjoying this. No use denying it. I'm enjoying this. Just as I enjoyed driving along with Klaus Pool that evening, years and years ago. Soared, but enjoying it. Perhaps I oughtn't to be—but that's hypocritical and sneaking. Why not, if I really do enjoy it? I'll make him. Dirk! Dirk, wake up! Look at all the people and the lights. We're almost there!"

The boy awoke, raised himself from his bed of sacklin, looked about, blinked, sank back again and curled into a ball. "Don't want to see the lights," he mumbled.

He was asleep again. Selma guided the horse carefully through the downtown streets, fire looked about with wide, alert eyes. Other wagons passed her. There was a line of them ahead of her. The men looked at her curiously. Then called to one another, and looked a third time in her direction, but she paid no heed. She decided, though, to run the way on the seat beside her. They were now in two blocks of the Haymarket, on Randolph Street.

"Dirk! Come, now. Come up here with mother! Grumbling he climbed to the seat, yawned, snatched the line, rubbed his knuckles, took his eyes.

"What for?"

"To send you to school to learn things."

"That's funny. I go to school already."

"A different school. A big school."

He was fully awake now, and looking about him interestedly. They turned into the Haymarket. It was a tangle of horses, carts, men. The wagons were streaming in from the German truck farms that lay to the north of Chicago, as well as from the Dutch farms that lay to the southwest, whence Selma came. Fruits and vegetables—tons of it—acres of it—piled in the wagons that blocked the historic square. An unarmed army bringing food to feed a great city. Through this little section, and South Water Street that lay to the east, passed all the verdant growing things that fed Chicago's millions. Something of this came to Selma as she maneuvered her way through the throng. She felt a little thrill of significance, of achievement. She knew the spot she wanted for her own. Since that first trip to Chicago with Perus in the early days of her marriage she had made the journey into town perhaps not more than a dozen times, but she had seen, and heard, and remembered. A place near the corner of Des Plaines, not at the curb, but rather in the double line of wagons that extended down the middle of the road. Here the purchasing pedlers and grocers had easy access to the wagons. Here Selma could display her wares to the best advantage. It was just across the way from Chris Spankenobel's restaurant, rooming house, and saloon. Chris knew her, had known Perus for years and his father before him; would be kind to her and the boy in case of need.

Dirk was wide awake now; eager, excited. The lights, the men, the horses, the sound of talk and laughter, and clinking glasses from the eating houses along the street were bewilderingly strange to his country-bred eyes and ears. He called to the horses: stood up in the wagon but clung closer to her as they found themselves in the thick of the mole.

On the street corners where the lights were brightest there were stands at which men sold chocolate, cigars, collar buttons, suspenders, shoe strings, patent contrivances. It was like a fair. Farther down the men's faces looked mysteriously out of the half light. Solid, sunburned faces now looked dark, terrifying, the whites of the eyes very white, the mustaches very black, their shoulders enormous. Here was a crap game beneath the street light. There stood two girls laughing and chatting with a policeman.

(Continued in our next issue.)

Tells Sufferers How
to End Piles Forever

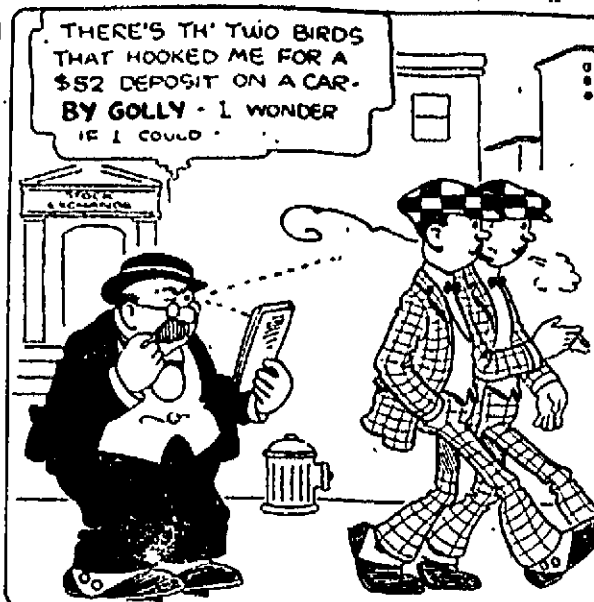

Rochester Doctor Achieves Remarkable Success With New Prescription. Must Give Absolute Relief or Money Back.

It has remained for a well known Rochester doctor to find a real remedy for Piles. Years of patient, painstaking effort on his part has resulted in a prescription that will actually heal piles and almost them never to return.

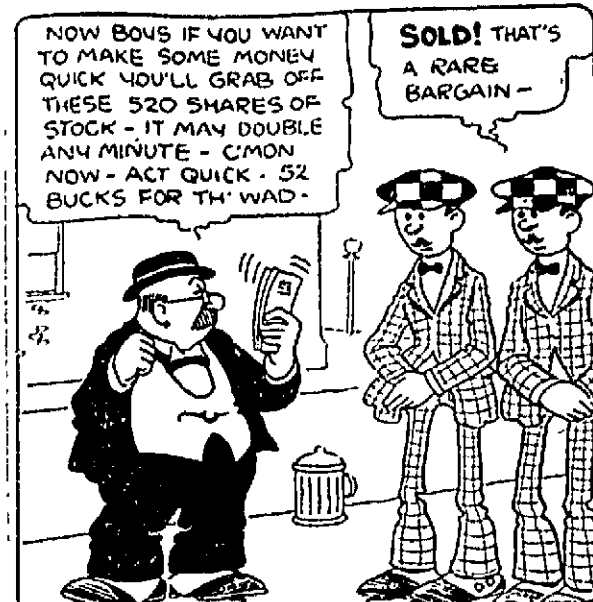

This doctor says to men, or women, who suffer from piles from any cause arising from hemorrhoids or piles now that he has made arrangements with Schlicht's Drug Co. and the Schlicht's Drug Store to dispense this wonderful prescription. Piles are now a thing of the past. Write for a free booklet.

You'll be amazed to see how quickly a cure. Schlicht's Drug Store, 1000 N. Main St., Rochester, N.Y. Write for a free booklet. Schlicht's Drug Store, 1000 N. Main St., Rochester, N.Y. Write for a free booklet.

Pitchers' Battle Is Expected When Stack Meets Smith Sunday

David Smith, Who Put Baseball on Paying Basis in Neenah-Menasha, Gets Results Here Also.

State league baseball in Appleton is due to boom now or never, unless all indications fail. Last Sunday the Papermakers and Palls put up a 12-inning fight which filled the fans with enthusiasm and put Appleton on the heels of Neenah-Menasha, and those who were lucky enough to see the game certainly have heard of it and are determined to watch the next one.

Fortunately for these, the Papermakers are scheduled to play Oshkosh at Grand park Sunday afternoon. Fans will recall a meeting between the two clubs last year. Smith was on the mound for Oshkosh, while "Big" Bill Lathrop was doing his stuff for Appleton, and the contest turned out to be a real pitchers' battle. After the usual nine innings had been played, the rivals were tied, 1 to 1. It took four more innings to decide the affair, and when the smoke of battle had cleared away, Appleton had won, 2 to 1.

PITCHERS' BATTLE EXPECTED
Lathrop has sought other pastures, but Eddie Stack who has taken his place is as good or better than the lanky Janesville hurler. Smith is back again with Oshkosh, after being dropped by Green Bay. He showed what he can do when he helped his outfit beat Green Bay Sunday, incidentally taking revenge for his exile. Smith and Stack look like two of a kind, and when they match twisters and fast ones Sunday afternoon there is bound to be something doing.

Another reason why the game should pick up here is the efficient management of David Smith who is guiding the Papermakers' destiny this year for the first time. David is an experienced manager, as witness his success in the Twin cities.

PUT PALLS ON MAP

Dave is not inclined to rest his own horn, wherefor it is not generally known that it is due chiefly to his efforts that the Palls enjoy their present strength and popularity. In 1921, Smith formed an association in Neenah-Menasha and took over the management. Up to that time baseball had been on a very precarious footing in the Twin Cities, the team playing the home-talent variety of ball, which threatened to sink its backers head over heels into debt. Smith hired a pitcher named Heath, who beat everything that came his way, and won the championship in a four-game series in his first year. Appleton, Fond du Lac and Oshkosh bowed to his prowess, and the fans began to sit up and take notice.

All games in which the Palls played drew large crowds, and the team grew to be more than self-supporting. Smith continued to run the club through 1922, and after that season he moved to Appleton. He has been a close follower of the Appleton club since that time, and although he has been managing the team for but a short time, the effect of his tactics are to be seen in the snappy way in which his players conduct themselves on the field.

It is Smith's intention to put baseball on an equal footing here, as in Neenah-Menasha, unless the fans are absolutely dead here, there is no reason why he can't succeed.

ROD AND REEL

M. J. V. FOSE

"FISHING KINKS"

Start your artificial lure immediately as it lands in the water if you want more strikes and fish.

Always watch the other side of the boat or the air in back of you when casting for if you get hooked up you may break the tip of your rod in the forward sweep of the cast.

Always retrieve frogs with a jerky motion so as to make them appear alive.

Split your catch on a 50-50 basis with your fishing partner as you may get "kinked" some time and want him to do likewise.

Do your share of rowing when with a friend and don't expect to do all the casting as he may like to fish in his turn the same as you do.

A tin foil with a handle on it and filled with cement makes a dandy anchor.

Always give your pal a helping hand by reeling in your line when he is playing a fish in order to get all the sport there is to the game.

A roll of adhesive tape added to your tackle box will keep you fishing if a rod is broken.

A loose ferrule sometimes can be made solid by applying a little heat around it.

When you see a loose or stray winding on your reel rewind it and varnish over it to preserve it from moisture.

Never stand up while casting in a boat unless you want a "ducking" when you least expect it.

Always hang your line, bucktails and any feathered baits on the boat side to dry before placing it in your kit as this makes such lures last longer.

Sought After

JACK BLOTT

Detroit, Mich.—Three big league clubs are trying to lure Jack Blott, crack catcher of Michigan University, to enter the professional fold. Cardinals, Yankees and Indians are after him. Miami University also wants him to sign as football coach for next fall.

NOW and then strange things do happen in baseball. Maybe this is the year New York will not have its own world series.

THE INDIA RUBBER MAN OF THE MUSEUM WHO WAS ARRESTED SHOULDN'T FIND IT HARD TO DO A STRETCH.

ONE PUNCH O'GOOFTY SAYS THE BEST PART ABOUT FARSIGHTEDNESS IS PIPING OFF YOUR OWN FINISHER.

We are not surprised that Sid knocked out Carpentier, but we are surprised that he ever was able to catch up with him.

While Ruth may be just a private in the National Guard, he's a general nuisance to American League pitchers.

Supplies of Illinois says golf develops crabs and cussers....And, he might have added, poor mathematicians.

The rumor that the K. K. K. is directing the policies of the Cincinnati Reds was probably started by someone who was three sheets to the wind.

They gave old Sam Langford a shower in New York the other day, but it was unlike the showers old Sam used to hand out, made up mainly of left hooks and right crosses.

Firpo has given Tex Rickard his word that he will fight in August. It is said to be the first thing the good senior ever gave anybody.

PERHAPS IT'S JUST AS WELL THAT GIBBONS DIDN'T KNOW OUT THE FRENCHMAN, THEN HE'D HAVE TO FIGHT DEMPSEY AGAIN.

Mike McNally of the Yankees took a punch at Lu Blue of the Tigers.... Let's see, what was the name of the gent who was going to dignify baseball at \$42,500 a year?

It takes another guy's smartness to bring out your dumbness.... Remember that the next time you're caught off second.

FAMOUS 3-YEAR-OLDS MEET FOR FIRST TIME

Chicago—Black Gold, winner of the Kentucky derby and Nellie Merce, Bud Fisher's filly, which won the \$50,000 Prenkners, have been nominated to state in the Chicago derby at the Hawthorne meeting July 12. It was announced Wednesday night.

It will be the first time this season these famous three-year-olds will have clashed in the same race. Purse totaling \$118,000 have been offered for the first two weeks of the meeting, which opens June 3, continuing for fifty-one days.

KANSAS STILL TOTES HEFTY BLOW IN MITTS

Rocky Kansas is about through as a fighter, but he still totos a powerful punch. The Buffalo veteran dropped Johnny Dundee twice some weeks ago and in a more recent bout dropped Freddie Jack, the Englishman.

NEW CATCHING STARS RISE AS OLD ONES PASS

National League Looks to Brooklyn Kid As Future Ace of Backstops

The standard of major league catching is constantly fluctuating. Good catchers seem to run in cycles. When a crop of veteran stars begin to fade for a few years the catching end of the game suffers.

With the quality of major league catchers starting to drop below par, because the star of several famous receivers is beginning to set, attention is called to the rookies.

In James W. Taylor of the Brooklyn Superbas the National League believes it has one of the coming stars, a catcher who will soon take his place with the leaders.

In the American League time and service is beginning to show on the brilliant Ray Schalk, the clever Steve O'Neill and the hard-working Wally Schang. Hank Severid is one veteran without seams as good as over.

VETERANS SLOWING UP
A similar condition exists in the National League. Several of the stars of yesterday are beginning to slow up. Any number of major league leaders are crying for catchers.

Take the Giants of today. The catching staff is made up of three veterans, Hank Gowdy, Frank Snyder and Eddie Ainsmith. All have passed the 30 mark.

A few years ago, the National League picked up two great young catchers in "Butch" Henline and Bob O'Farrell. Manager Bill Killefer of the Chicago Cubs regards O'Farrell as the best young catcher in the majors.

"Who is the best looking young catcher in your league?" I have put that question to many veteran National League stars since the opening of the season. The reply is usually the same.

VETERANS LAUD TAYLOR
The staff of Brooklyn. He's the best young catcher to come up since Frank Snyder was a star with the Cardinals, back in 1914.

Taylor reported to the Superbas in the fall of the 1920 season, graduating from the Charlotte club.

The catchers on Wilbert Robinson's bench that year were Otto Krieger, Ernest Kraeger and Harold "Rowdy" Elliott.

The leader was Miller, but Otto was fading and failing. Krieger, a hard hitter, could not stop the active baserunners in the National League, while Elliott also failed to come up to the major league standard.

Manager Robinson immediately took a liking to Taylor. With the material in front of him he was forced to develop a first-string receiver and having been a catcher himself Robby was an ideal teacher.

Taylor grasped his studies with extreme ease and it wasn't long when Robby, Zack Wheat and Ivan Olgren decided that the Charlotte club had forwarded a genuine star for the National League.

Blue Blood Hurdler

The blue ribbon in the 120-yard handicap hurdles at the Finchley Harriers sport meet in England recently went to a blue blood, one Lord Burghley, son and heir of the Marquis of Exeter. His lordship is depicted here taking a royal stride over a legal hurdle.

RICKARD GIVES UP FIRPO-WILLS BOUT, IS REPORT

Inability to Sign "Bull" Before Aug. 20, May Cause Change of Plans

New York—Jack Dempsey will not defend his heavyweight crown this year if Tex Rickard goes through with his plans for a match between the title holders' two outstanding rivals, Luis Angel Firpo of the Argentine, and Harry Wills, giant negro.

This was disclosed on Wednesday by the promoter, who explained that inability to sign Firpo for a match with Wills before Aug. 20 precluded the possibility of arranging a championship contest for the winner with Dempsey.

Rickard, however, said he might abandon the Wills-Firpo contest for the long awaited title bout between the negro and Dempsey as the outstanding heavyweight attraction of the year. The promoter asserted he had determined to stage only one major match, but as yet has not decided which to conduct.

Rickard has Wills signed for battles with either Firpo or Dempsey, when Robby, Zack Wheat and Ivan Olgren decided that the Charlotte club had forwarded a genuine star for the National League.

"I have come to an agreement on terms with Rickard and am willing to sign for Dempsey to fight Wills, Firpo or any one else this year," said Kearns. "Our movie contract does not interfere with the champion's ring activities."

Rickard will hold either the Wills-Firpo or Wills-Dempsey fight in his Jersey City bowl, Boyle's Thirty Acres, probably on Saturday, Sept. 6.

Golfers Open Season With Cup Handicap

Notices have been sent out to members of the Riverview Country club here announcing the opening of the season Friday, with the qualifying round of the June handicap cup tourney.

The number of entrants is uncertain as yet because it still is too early for replies to come in. The grounds are in better shape than ever before, and preparations have been made to accommodate a record number of entries.

The opening tournament will run for several days. Qualifying rounds will be started Friday, and it is expected that several of those who survive will compete in the final Saturday.

Do you know Baseball?

by Billy Evans

QUESTIONS

1. If a ball batted down the foul line strikes either third or first base, and immediately goes into foul territory, is it fair or foul?—J. V. Reader.

2. How does an umpire determine what is an infield fly?—W. T. W.

3. Does an umpire at any time give consideration as to whether or not an interference is intentional?—Reader.

ANSWERS

1. The moment a batted ball strikes first or third it becomes a foul ball regardless of how far foul it may then go.

2. It is merely a matter of opinion or judgment. Any ball which the umpire believes can be handled by an infielder immediately becomes an infield fly.

3. The umpire can never give consideration to the intent on an interference play. If it happens, he must call it.

P-C Mavericks Bow To Married Men In Opener

Post-Crescent Benedicts Wednesday afternoon showed the beneficial effects of staid wedded life by defeating the Bachelors, 12 to 6, in a hotly contested indoor baseball game in Jones park. The Mavericks started out with a rush and had the married men going up to the fourth, when the score was tied, 6 to 6. No one was able to score again up to the eighth, but then the Benedicts began to knock.

Koepeke, the unattached hurler, all over the place. Before he had recovered from the attack, the Lesser Benedicts had piled up six runs and thereby clinched the game.

Koepeke and Bentie were the Bachelor battery, while Steward pitched the first three innings for the Benedicts, and Cartier did his stuff for the rest of the contest. Bergman caught for the married men.

The score by innings:
Benedicts 2 1 1 2 0 0 6—12
Bachelors 3 1 0 2 0 0 0 6—6

CINCINNATI PAID HIGH PRICE FOR YANK DISCARD

Contrary to the general belief that Gary Mays cost the Cincinnati Reds very little, Garry Herrmann, president of the club, offers to submit evidence that the Yankees discard was bought for \$20,000.

Boston Red Sox Lead American Loop After Winning 20 Out Of 27

Athletics Climb Out of Cellar Position by 6 to 5 Defeat of Cleveland Which Drops to Bottom.

By Associated Press
Fall orders last season, the Boston Red Sox lead the American league Thursday after a sustained drive of 20 victories in 27 games, directly following a slump during which the club lost six straight contests.

Manager Leo Fohl, who piloted the Browns to fourth place in the league last season, accomplished the transformation after Boone, Veach, Wams, O'Neill and Lee were added to the personnel of the 1923 cellar team.

The challengers passed the world's champions Wednesday by beating St. Louis 6 to 5, as the White Sox defeated the Yankees, 4 to 3. Detroit followed Boston in the revolt against the champions by winning from Washington, 6 to 5, in ten innings. As a result New York is only one half game away from third place.

Coincidentally with the elevation of Boston, the Athletics, at one time considered to have permanent lien on the 1924 cellar position, climbed out after a sharp reversal in form by inflicting a 6 to 5 defeat on Cleveland, which dropped into the vacated place. Three of the games in the American were decided by the same score, 6 to 5. The fourth was won on a one point margin.

RAIN POSTPONES GAMES

Rain deluged the east at game time and only one contest was played in the National league. St. Louis evened the series with Philadelphia by slugging five pitchers and winning, 12 to 5. Harper had a homerun and Freigau expressed himself with four hits and four stolen bases.

"Bullet Joe" Bush, veteran of many pitching duels, and with a record of five consecutive victories this season, bowed to a rookie, Ted Lyons from Texas, as the Yankee flag went down. Five bases on balls, a wild pitch and a hit which bounced off his glove and scored two men, made Bush an active instrument in his own defeat. Lyons pitched steadily and checked a ninth inning rally which fell short of tying.

Boone, strong man of the Boston attack, made a double and a homerun in the hard fought game which hung the Red Sox banner at the mast of the American league. Severid hit a homer and Siler had two doubles and a single.

Blue's homer with Pratt on in the second and Fothergill's pinch hit with the bases loaded in the tenth were high spots in the game which kept the Tigers near the top.

Pitcher Jimmy Keenan, formerly with the San Antonio club of the Texas league is now a member of the Nashville Southern association club, having joined the latter Wednesday. He is a southpaw.

Gene Bailey, outfielder, and Johnny Jones, shortstop of the Brooklyn club, have been traded to the Indianapolis American association club for Eddie Brown, hard hitting outfielder, and an amount of cash. Jones was reported to have cost \$25,000 last year in an outright purchase from a Pacific Coast league club. Brown has hit around the .350 mark for some time.

Freigau, Cardinal outfielder, had a field day at Philadelphia, making four hits; a double, three singles, and stole four bases. He also had one put out and one assist. The Cardinals made 19 hits and the Phillies 12.

CARPENTIER WILL BE FORCED TO BOX TUNNEY, GIB SAYS

Frenchman Will Be Held to Contract Despite Recent Defeat

New York—Despite Georges Carpentier's defeat at the hands of Tom Gibbons, the Frenchman will fulfill the contract to meet Gene Tunney, American light heavyweight champion, Billy Gibson, Tunney's manager, said on Wednesday.

Arrangements however, have been made for at match between Tunney and Tom Gibbons to be held at one of the metropolitan baseball parks, but Tunney is said to be anxious for a crack at Carpentier either before or after this match.

Gibson confirmed reports from St. Paul that he had accepted terms for the Gibbons match with James J. Johnston, matchmaker for the Yankee stadium and the Polo grounds, the date of which has not been definitely decided. The Gibbons-Tunney match will likely be held some time in July.

The promoter had planned to make a Wills-Firpo match an elimination test for a championship bout around Labor day at Boyle's Thirty Acres, but has cancelled this scheme because of Firpo's unwillingness to fight before August 20.

WILLIE HOPPE SAYS THIS IS LAST YEAR
Willie Hoppe, king of all the billiard players, says this will be his last year as a tournament player. Hoppe intends to retire and enter some commercial field.

New York—Sid Barabarian of Detroit won the decision over Jack Bernstein of Yonkers in 12 rounds.

COWLEY, M'DONALD HEAD OSHKOSH CARD

Roy Cowley, the fighting parson, and Buddy McDonald will mix in the ten-round main go of a night card in Oshkosh Thursday night. These two scrappers have mixed twice before and each time the parson took a bad licking from the St. Paul flash. The Oshkosh Legion which is putting on the card hopes for a big gate, and as the two scrappers are pretty popular in this neck of the woods, probably will realize its expectations.

MERCHANT SELLS STORE AND WILL DEAL IN HORSES

A. Slater, who is disposing of his stock of clothing at his store, 984 College Ave., intends to engage in the buying and selling of horses. He has leased the barn in the rear of Dolz's hotel on Walnut-st. and received his first carload from Iowa Tuesday. They were brought here by H. Lito, who is his father-in-law, who made the selection.

LEGAL NOTICE

STATE OF WISCONSIN, County Court for Outagamie County. In the matter of the application to determine the descent of the real estate of Nehema Chudacoff, deceased. Notice is hereby given that at the special term of said court to be held on the fifth Tuesday of July 1924, at the opening of the court on that date, at the Court House in the City of Appleton in said County and State, there will be heard and considered the petition of Nehema Chudacoff as one of the heirs at law of said deceased, for the determination of the descent of certain lands and real estate of said deceased, and the interests of his heirs at law in and to the same, which said lands are described as follows: The South one hundred and twenty feet (120) of Lot number four (4) in block number three (3) of Harriman and Parkhurst Addition to the Sixth Ward, City of Appleton, Outagamie County, Wisconsin. Dated June 3, 1924. FRED V. HEINEMANN, County Judge.

J. P. FRANK, Attorney for petitioner. June 5-12-19.

NOTICE OF SEWER ASSESSMENT AND HEARING

Notice is hereby given that the undersigned Board of Public Works of the City of Appleton, Wisconsin, on the 29th day of May 1924, viewed the property on the following streets: Brewster, Morrison to Durkee, Franklin, Mason to Outagamie, Lemmings, Pacific south 350 ft. Harrison, Monroe to Lake, in the 1st, 4th, 5th, and 6th wards, for the purpose of assessing and determining the benefits that would accrue to each parcel of real estate affected by the building of said sewers, by order of the Common Council, of said city, all in accordance with plans and specifications heretofore adopted and now on file in the office of the city clerk, that having viewed said premises and having considered each parcel of real estate affected by said proposed sewer, and having duly assessed each parcel of real estate, in compliance with the law, and having duly reported thereon, and filed said report of assessments showing said boards determination and assessment, and said board's reports being on file and open to inspection in the office of the board in said city (Clerk's Office) and will go on file for a period of ten (10) days from the date of this notice, to wit: Until the 13th day of June 1924, and that on the 18th day of June 1924, 10 A. M. said board will be in session at its office in the city hall to hear all objections which may be made to said report, determination and assessments, and will continue in session as long as necessary, in the premises. Appleton, Wis., June 3, A. D. 1924. BOARD OF PUBLIC WORKS, E. L. Williams, Clerk. June 3-4-5.

200 RURAL SCHOOL PUPILS WILL GET DIPLOMAS FRIDAY

Singing and Speaking Contests Part of Commencement Program

The county commencement exercises for the more than 200 pupils of rural schools, which will be held at 1:30 in Lawrence Memorial chapel at 1:30 Friday afternoon, will be unique in that the program will consist of declamatory and singing contests.

The best gifted singers and declaimers of the rural school have been selected for the events and suitable prizes will be offered. The diplomas will be presented by A. G. Meating, county superintendent of schools. At 11 o'clock in the morning the county spelling, arithmetic and penmanship contests will be held in the chapel. The pupils taking part were selected at town elimination contests held a month ago. The early part of the forenoon will be devoted to field and track events at Pierce park.

Following is the program for the commencement exercises: Whispering Hope, duet, Otha Evert and Florence Kroner, Ishtar, solo, Leola Troester, North Seymour; Boy Billy, declamation, Norman Gregorius, Hillway, Black Creek; Columbus, declamation, Berdine Brown, Industrial Hollow, center; Mighty Lak a Rose, song, Elverna Rysch, North Osborn; Gettysburg Address, declamation, Harold Røpecke, state graded school of Cicero; "Little Papa's Smoke," solo, Irene Tennant, Silvery Summit; Oneda, The White Lily, declamation, Leola Troester, North Seymour; Whispering Hope, solo, Jeanette Luebben, High Ridge, Greenville; Curfew Shall Not Ring Tonight, declamation, Millie Phillips, Elder Row, Deer Creek; The Last Hymn, declamation, Everett Hopkins, Pioneer, Osborn; Sleep, solo, Ethel Bubolz, Cicero; When Ignorance Is Bliss, declamation, Viola Boschta, Elm Grove Center, Ellington; The Polish Boy, Floyd Nagreen, Sunset, Maine; Whispering Hope, solo, Nellie Arnoldus, Kaukauna; Where Monona's Waters Flow, trio, Charles Cornelius, Nyal Nelson and Walter Grossman, Dale.

A Boy at a Dime Museum, declamation, Alice Roloff, Whispering Pines, Grand Chute; A Day in the Life of Columbus, declamation, Jeanette Luebben, High Ridge, Greenville; The Cuckoo Song, duet, Esther and Louise Schult, High Ridge, Greenville; The Two Roads, declamation, Peter Hansen, Oak Grove, Kaukauna; The Daisy, duet, Dorothy Beyer and Genevieve Stingle, Cloverdale, Black Creek; Parting of Douglas and Marion, declamation, Alice Hill, Pine

Pa Plover Gets Peeved When Ma Neglects Duty

A pair of plovers which are very scarce in this part of the state built a nest on the ground in John C. Ryan's garden near Potato Point and he is protecting them by every possible means. When his garden was plowed he instructed the plowman not to disturb them and has trained his dog to stay away from that part of the garden.

The birds are very tame and scold everyone who approaches too closely to their nest. When the female goes foraging for food the male takes her place on the eggs and if she remains away longer than he thinks necessary he calls to her. Mr. Ryan has repeatedly seen him escort her to the nest with a great deal of scolding.

Grove Oneida: Drowsy Baby, solo, Violetta Philipp, Dale; Carry Me Back to Old Virginia, trio, Herbert Wendt, and Elmer Eick, North Osborn; Curfew Must Ring Tonight, declamation, Irene Tennant, Silvery Summit, Oneda; Sweet and Low, solo, Lenora Trauffer, Seymour; Billy's Letter, declamation, Rosella Thompson, Seymour; The Old Glory, duet, Florence and Mildred Piaman, Industrial Hollow Center, Whispering Hope, duet, Dorothy Kluth and Verle Bechard, Elder Row, Deer Creek.

PROGRESSIVES OF 2 COUNTIES MEET HERE ON SATURDAY

Indorsement of Candidate for State Senator Will Be Discussed

Endorsement of a candidate for election as state senator to represent the counties of Outagamie and Shawano will be undertaken at a meeting of Progressive Republicans to be held Saturday evening in the rooms of the Trades and Labor council in the Woolworth-bldg.

It will be a joint meeting arranged by the Farmer-Labor and Progressive League of Outagamie-co with a group of Progressive Republicans of Shawano-co. It is understood that a large delegation of prominent poli-

tical workers from Shawano, Bend, uel, Cecil and other communities of the northern county will be in attendance.

A committee was appointed at the last meeting of the Farmer-Labor and Progressive League to look over prospective candidates for not only the office of state senator, but also those of the two assemblies of this county. A report on the senatorial candidates is expected at Saturday's meeting. It is understood that Shawano co. delegates also will have a candidate or two to put in the field. The office becomes vacant this year through the expiration of the term of Senator Anton Kueckuk of Shawano, who has decided not to be a candidate for reelection.

Smart Style Notes

New Felt Hats
Very Moderately Priced

\$5

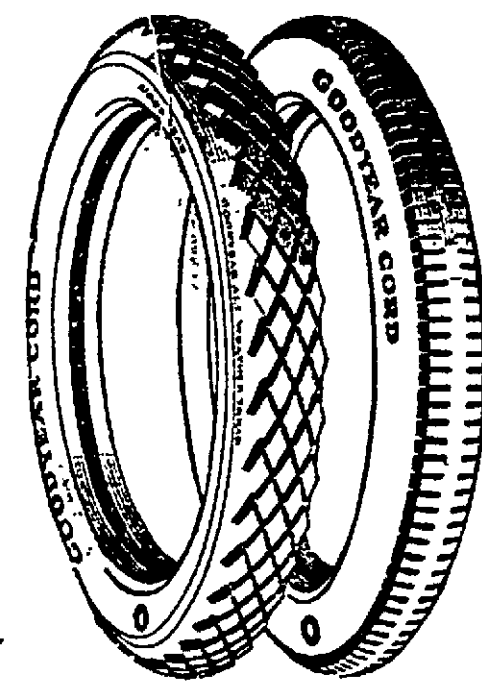

FELT HATS are very important in Summer styles. These pert shapes and entrancing colors mark the stylish woman during warm days. Felt hats, with all their charm of line and tints, never hint of the modest price tickets that hang from them at Pettibone's! The hats on sale tomorrow arrived from the maker to-day, and are naturally very NEW!

The new arrivals include close fitting cloche shapes for bobbed hair, and the larger English crushed shapes. They are all made of fine felt—really excellent in quality—and the smartest summer colors. The colors include tans, blues, greens, yellows, and greys. The trimmings are severely smart—smart because they are SO severe.

This modest price means an extra hat that you hadn't planned on—only \$5.
